Apollo Moon Orbit Due At Christmas

WASHINGTON (AP) — The space agency said today the Apollo 8 mission will attempt an orbital flight around the moon, probably during the Christmas holidays.

The National Aeronautics and Space Administration said the launching from Cape Kennedy, Fla., for what a few years ago would have been pure science fiction, will occur no earlier than Dec. 21

This would mean the three Apollo 8 astronauts would spend Christmas Eve and part of Christmas day making the lunar orbits.

'Open-Ended' Mission

NASA officials announced at a news conference the Apollo mission would be "open-ended" — that is, conducted in steps referred to as plateaus or "commit points."

"Each plateau includes a thorough system check of crew, system and equipment operations," officials said.

"Only when all conditions are satisfactory will the decision be made to commit to the next plateau."

NASA said this type of operation allows for various alternate missions, including a low, earth-orbit flight, a flight to a distance of as much as 60,000 miles, or a flight around the moon.

Maximum Crew Safety

"Conducting the mission in this manner provides both maximum crew safety and maximum benefits through alternate flight mission selection as the flight proceeds," the announcement said.

The announcement was made by Dr. Thomas O. Paine, NASA acting administrator; Lt. Gen. Samuel Phillips, Apollo program manager, and William Schneider, Apollo 8 mission director.

Before starting the actual 250,000-mile trek to the moon, the astronauts first would make at least two orbits of the earth to check out their spacecraft.

To Make 10 Orbits

Once there, the craft is to make 10 orbits about 70 miles from the surface during a 20-hour photography mission scheduled to begin Christmas Eve.

A Pacific Ocean splashdown will end the mission Dec. 28 after the spacecraft barrels through the earth's atmosphere at 25,000 miles per hour—twice the speed of earlier re-entries.

Apollo 8 will carry two 40-year-old men who have already orbited the earth—Air Force Col. Frank Borman and Navy Capt. James A. Lovell, plus Air Force Maj. William A. Anders, 35, making his first space flight.

The near-perfect performance of the 11-day Apollo 7 mission made possible the scheduling of a moon-orbit flight.

First Use Of Saturn 5

This will be the first use of the huge Saturn 5 moon rocket on a manned spacecraft. The Apollo 7 astronauts—Walter M. Schirra, Jr., Donn F. Eisele and Walter Cunningham—were launched last Oct. 11 by a Saturn IB rocket, in the first such use of the smaller version of the Saturn series.

The Apollo 8 astronauts must fire braking rockets near the moon to reduce their velocity to lunar-orbit speed.

Christmas morning the astronauts will re-start their rocket engines to accelerate and break free of lunar gravity.

A successful mission would demonstrate to a great degree the capability of Apollo spacecraft to land astronaut crews on the moon about a year later.

However, the Apollo lunar module—the two-man compartment that is to detach from the spacecraft in moon orbit and deliver two crew members to the moon's surface, and later return them to the Apollo craft—has not yet been flight tested.

The first manned mission to include the lunar module will be Apollo 9, an earth-orbit flight planned for next March.

As substitutes for the Apollo 8 lunar-orbit mission, should it prove impracticable, NASA also has drawn up specifications for a simple swing out around the moon and back without lunar orbit, or for a probe only out to about 4,000 miles from the earth —or, as a last resort, another two-week earth orbit test of spacecraft and crew capabilities.

Borman and Lovell teamed on the Gemini 7 mission, launched Dec. 4, 1964, in which they ended doubts that man could function under weightless conditions for two weeks without ill effects. They served as target for the Gemini 6 spacecraft in the first successful rendezvous in space.

They made 206 revolutions of the earth in 13 days 18 hours and 35 minutes, and landed 700 miles southwest of Bermuda, Dec. 18.

Lovell soared into space again on Gemini 12, the last Gemini mission, with Edwin Aldrin Nov. 11, 1966. In 59 revolutions around the earth over a span of three days, 22 hours and 34 minutes, they completed a rendezvous with an Agena spacecraft, conducted a tethered station-keeping exercise, retrieved a micrometeorite experiment package from the outside of their spacecraft, and made the first pictures from space of an eclipse of the sun.

U.S. Hopes Peace Talks On Vietnam Resume Soon

Red Losses Heavy, Says U.S. Officer

Large Proportion Has Fled To Border Areas, He Claims

SAIGON (AP) — The commander of U.S. forces in South Vietnam says the Communist side's major units have suffered massive losses, and a large proportion of them have retreated to border areas or out of the country.

"The enemy has met with nothing but defeat throughout South Vietnam," said Gen. Creighton W. Abrams in a Veterans Day message to his command, made available to newsmen today.

Dominate Position

"The military successes and demonstrated effectiveness of Vietnamese and allied forces, together with our own, have brought us to a dominant position of strength and of confidence for the future," Abrams declared.

The general's headquarters said intelligence information indicates between 80,000 and 90,000 North Vietnamese and Viet Cong troops are now in the South, and another 30,000 to 40,000 have withdrawn to Laos, Cambodia or North Vietnam.

The U.S. Command says at least 168,015 Communist troops have been killed this year and at least 411,358 since Jan. 1, 1961.

"With the continuing defeat of the enemys main forces," Abrams said, "the opportunity now opens wider to destroy his local forces, guerrillas and infrastructure and progressively eliminate his remaining capabil-

South Viet, Hanoi Seen Unyielding

American Source Sees Resumption Within 2 Weeks

PARIS (AP) — U.S. diplomats held out hope today that the Vietnam peace talks will resume soon but Saigon and Hanoi were publicly unyielding.

One U.S. source said the expanded parley, postponed from Nov. 6, might begin within two weeks. But he added there are differing views among U.S. delegation members about how long it will take to work out an agreement with South Vietnamese President Nguyen Van Thieu.

Important Backing

President-elect Richard M. Nixon's statement that the Johnson administration speaks for him on foreign affairs until he takes office Jan. 20 gave important backing to the efforts of U.S. Ambassador W. Averell Harriman and his team.

The U.S. delegation has not heard yet whether Nixon will send an advance man to observe the talks. Henry Cabot Lodge U.S. ambassador at Bonn, has been mentioned as a possibility. Lodge was twice ambassador to Saigon, and Nixon's running mate in the 1960 presidential race.

The Paris talks are stalled by Thieu's refusal to attend any conference at which the Viet

Pre-Winter Storm Blasts East Coast

By The Associated Press

A pre-winter storm lashed the Atlantic Seaboard with snow, rain, flood tides and vicious gale force winds which raked the New York City area today.

The storm stretched from the Carolinas to New England. Heavy rains and winds beat the coastline and deep snows fell in the interior mountain areas.

Winds closed at 70 miles an hour ripped through Atlantic City, N.J., and Salisbury, Md. The strong gusts caused tide warnings to be issued for the Chesapeake and Delaware bays where waters were expected to rise 5 feet above normal today.

Snow and driving warnings were issued for 14 states from Maine to the Carolinas.

Ray's New Lawyer To Ask For Postponement Of Trial

MEMPHIS, Tenn. (AP) — James Earl Ray's new lawyer, towering Texan Percy Foreman, asks postponement today of Ray's trial in the assassination of Dr. Martin Luther King Jr.

Despite the lateness of the escaped convict's switch of a lawyer, Judge W. Preston Battle is expected to go along with the motion to put the trial off, probably until after the first of the year.

Foreman, loquacious, colorful, 6-foot-4 criminal attorney of international reputation, replaced Arthur Hanes, dapper former mayor of Birmingham, Ala., whom Ray fired abruptly Sunday night.

Ray, 40, was to go on trial today in Shelby County criminal court on charges that he killed King with a rifle shot last April 4 when King was here to aid the city's striking garbage collectors.

In the current issue of Look magazine, published Monday, Ray is quoted as saying he unknowingly became involved in "some sort of plot to kill King" eight months before the slaying.

Following Talks With Johnson

Big Question Left By Nixon On Pre-Inaugural Peace Bid

NEW YORK (AP) — President-elect Richard M. Nixon, while pledging that President Lyndon B. Johnson speaks for him on Vietnam and other crucial foreign policy matters, has left a big question mark about his own possible preinaugural role as a peace-seeking diplomat overseas.

Nixon flew here Monday night for a stay of several days following a lengthy meeting with Johnson at the White House.

Before meeting the chief executive he will succeed on January 20, Nixon had talked about possible personal missions to Saigon or the Paris peace talks should Johnson deem them helpful. He also suggested he might send emissaries abroad—presumably to Saigon or Paris—if Johnson agreed.

But after their White House talks, neither Nixon nor Johnson said a word—or even hinted at —preinaugural foreign travel by the President-elect or the dispatching of representatives from the incoming administration.

Johnson, however, did indicate he might be having more conferences with Nixon before January 20.

"It was a very pleasant and cooperative meeting," Johnson told newsmen, "as we expect all these meetings in the days ahead to be."

Nixon, appearing jointly with the President, talked about such foreign policy problems as Vietnam, a possible new Mideast crisis and the ever-present question of American-Soviet relations.

"If progress is to be made in any of these fields," Nixon said,

Old guard, pro-Soviet Communists demanded a purge of the press, radio and television, while students threatened to strike against further concessions to Moscow and insisted that the leaders uphold the democratization process started last January.

Tension mounted as the Communist party's 160-member central committee prepared for a meeting Thursday. A showdown is expected.

As long predicted, the national unity achieved after the Soviet invasion in August was weakening.

Premier Oldrich Cernik and the central trade union organization condemned recent anti-Soviet demonstrations. The premier warned that the government would take "drastic steps" against future outbreaks. He appealed to the young people to abstain from "undignified

ity to threaten the security of South Vietnam."

Gen. William C. Westmoreland, the U.S. Armys chief of staff and Abrams's predecessor in Vietnam, echoed Abrams' report in a Veterans Day speech in Columbia, S.C.

Defeated At Every Turn

"The Communist enemy has been defeated at every turn," Westmoreland said. "In battle after battle, he has suffered severe losses in men, weapons and supplies."

No significant ground fighting was reported today, but the U.S. Command said sporadic mortar and rocket fire was directed at several allied bases and populated areas during Monday night. Casualties generally were light, spokesmen said.

There were no reports of new incidents along the demilitarized zone where three U.S. Marine positions were shelled Sunday by North Vietnamese inside the DMZ. Activity along the DMZ is being watched closely, because of President Johnsons indication that an end to attacks from the DMZ was part of the price for the suspension of U.S. bombing of North Vietnam.

A U.S. Marine A4 Skyhawk bomber was shot down while on a strike 20 miles below the eastern flank of the demilitarized zone. The U.S. Command said the pilot was killed. It was the 316th U.S. warplane downed in combat over South Vietnam.

U.S. headquarters also announced one man was wounded when an Army UH1 helicopter was shot down Sunday along the Cambodian border. It was the 920th helicopter reported downed in combat over the South.

Military spokesmen reported five new shelling attacks during the night, three of them against provincial capitals and district towns. Six civilians were reported killed and 36 wounded.

America's biggest bombers, the Air Force B52s, kept up their heavy raids on enemy infiltration corridors, troop concentrations and staging areas between Saigon and the Cambodian border. Twenty-five of the eight-jet Stratofortresses dropped 750 tons of bombs on positions from 30 miles northwest of Saigon to within a mile and a half of Cambodia.

The U.S. Command also announced the termination of two lengthy operations in the jungled foothills south of Da Nang. Headquarters said nearly 12,000 enemy soldiers were killed in the two operations, one of which lasted for more than a year and the other for seven months. U.S. casualties were put at 812 men killed and 4,584 wounded.

spontaneous actions in which mass psychosis prevails over reason" and to let the leaders settle matters by political means.

A meeting of university students was told that Cernik has ordered the city police to act with force against the first signs of parades on international students' day next Sunday.

But the students went ahead with plans for a demonstration in memory of "all students who laid down their lives for the freedom of their country and the freedom of thought" and against "occupation by foreign armies anywhere."

They also made plans for student strikes and sitins if the memorial demonstration is banned or if the party Central Committee meeting does not go to their liking.

The situation was said to be more tense in Slovakia than in Prague. Slovak students were reported to have set up strike committees outside of their Communist party connections.

A resolution being approved in one after another of Prague's academies and the departments of Charles University demanded reinstatement of the few liberal officials fired since the invasion, pursuance of all reforms and the opening of negotiations for the withdrawal of the Soviet troops that are remaining in the country indefinitely by terms of the treaty with Moscow which the local leaders were forced to sign on Oct. 18.

Storm

(Continued from Page 1)

scared several motorists on New York City's Bronx-Whitestone Bridge.

Police reported this morning that many motorists abandoned their automobiles on the Bronx-Whitestone Bridge and ran off when the bridge started to sway in the heavy winds. The strong gusts were accompanied by wet snow and rain.

The bridge, which spans the East River between the Bronx and Queens, was closed to traffic. No injuries were reported. Gale warnings were in effect for the metropolitan area with tides expected to be about three feet above normal.

Gale force winds and rain also lashed New Jersey and resulted in some flooding in the Newark area. Trees were reported down along the coast and in several sections of Newark. Small isolated failures were reported by power companies.

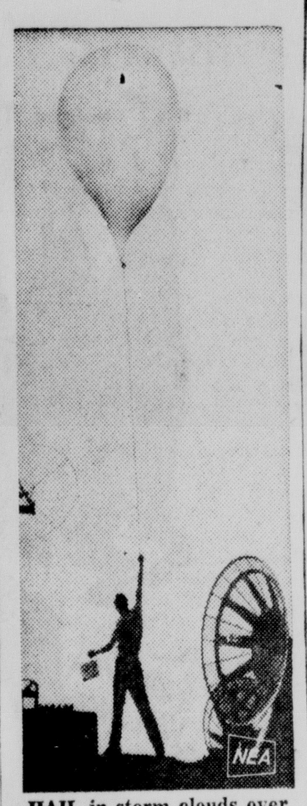

The storm that lashed the New York-New Jersey sections was one that moved up from off the North Carolina coast. Earlier, the storm pounded Florida and the Carolinas and adjacent sections with mountainous snow, heavy rains and tornadoes.

Hundreds of travelers were stranded in some areas of the Carolinas where up to 10 inches of snow covered the mountains. Three hundred automobiles and two buses were reported stalled late Monday night between Hendersonville and Saluda on the South Carolina border.

Schools in Union County, S.C. remained close because of the record snowfall. In eastern sections of South Carolina rain deluged the area. Charleston recorded 1.46 inches in six hours. Hatteras, N.C. recorded 1.38 inches of rain in six hours. Much of northern Georgia was whitened by snow and the eastern sections of the state had a mixture of snow and rain.

In the Vanderbilt Beach section of Florida north of Naples a tornado destroyed four houses and damaged a dozen others. Winds reached gusts of 50 miles an hour in Orlando, Cape Kennedy, Miami, Naples and Tallahassee. St. Petersburg, on the Gulf Coast, reported gusts up to 60 miles an hour and high water of near hurricane level along the gulf beaches.

The intense storm that lashed eastern states with gales, heavy rain and snow threw its strongest punch at the southern Appalachian mountain area.

HAIL in storm clouds over Russia's Alazan Valley is detected by radiozondes such as this one being sent aloft. When hailstones are reported forming in the clouds, a rocket is discharged, ejecting a chemical which acts as a catalyst. Splitting up into billions of crystals, the reagent envelops drops of water, rapidly transforming them into tiny hailstones which melt before reaching earth. Thus, the valley, noted for its fruit production, receives beneficial rain rather than destructive hail.

Nor would Foreman discuss the circumstances under which he entered the case just 36 hours before the scheduled trial.

Hanes, 51, said he would be in court but would not contest his sudden replacement as defense chief—a post he had held since last June when he flew to London following Ray's seizure there.

The FBI claimed the fatal bullet was fired by Ray from a cheap lodging house about 200 feet away. Ray denied the slaying.

Daniel Cunning, mayor of Big Beaver, a community of 3,000, said rescue workers were still searching the water today for the Krassman youth's body.

He said the four were gathering in decoy ducks after a day of hunting when the boat overturned. He said the younger Krassman disappeared in the middle of the river, and the father swam about halfway to shore.

Big Beaver volunteer firemen and police and Homewood firemen launched search operations immediately. None of the hunters was wearing a life jacket.

The embarrassed stewardess escaped into the cockpit until the chief was sufficiently cooled down to put his clothes on again.

Constitution Needs Attention

Plans by Sen. Birch Bayh, D-Ind., to release his alternative to the ancient Electoral College system of electing a president is proof the new Congress will be forced to confront the issue again.

Many times Congress has heard plans to eliminate the Electoral College. Just last year President Johnson offered a proposal but all have failed to gain support.

THE ELECTION NIGHT scare which saw the nation teeter on the edge of a constitution crisis has given opponents of the Electoral College system new impetus.

It will require a good deal of discussion to come up with a satisfactory means of electing a president by a direct popular vote, but that is what Congress is for and Sen. Bayh's campaign assures the American public the question will be raised.

We suggest that when Congress is considering constitutional change someone bring up the matter of the awkward 11-week lapse between the time a new president is chosen and the day he takes office.

The point is our country is vulnerable during those in between days. Certainly President Johnson still is the leader of the country and the power of decision is his until Richard M. Nixon is inaugurated.

But practically speaking, President Johnson would be more cautious during the final weeks of his term than he would be under normal circumstances.

IT IS QUITE NATURAL for him to want to leave the new president in as strong a position as possible. Therefore, incidents and provocations would be weighed even more carefully than normal to guard against overreaction.

The age in which we live leaves us no choice but to recognize the fact that our world could be destroyed in minutes. We must prepare as best we can to meet any eventuality.

Our country cannot afford to be tied to a policy adopted 35 years ago. There is no good reason to be vulnerable, and at a governmental standstill, for 11 weeks every time we change administrations.

Mixed Emotions

The first snowfall of the season always brings a little bit of excitement, a trace of anticipation for what's ahead for the winter in the tri-state area.

For the younger, it's the start of sledding, skiing and other outdoor fun. For the older it is the beauty of white-carpeted hills, the transformation of the world into a fantasy of strange shapes and crystalline colors.

For motorists and road crews, the first snow is, well, the first snow is like the first head cold, the first frostbite, the first impenetrable drift, the first traffic jam on a slick hill.

The meaning of snow, friends, lies in the eye of the beholder—and what he has to do with it. . .

No 'Dumps With Pumps'

We note with real pleasure the efforts of a few area service station operators to improve the appearance of their businesses with a little landscaping, a bit of cleaning up here and there, some removal of the clutter which is commonplace with the gasoline emporiums.

Service stations have won no community awards or neighborhood salutes for their promotion gimmicks — such as plastic pennants, garish signs and bobbing balloon — or for the customary unsightly disarray of tires, pop bottles, oil cans and wrecked cars.

Some of the oil companies have become sensitive to criticism of their outlets and have instituted campaigns to bring about improvement.

The company officials and more and more of the station operators have come to realize a service station is a local business which is a part of the community and doesn't necessarily have to look cruddy just because gasoline and oil are sold there — they don't have to be "dumps with pumps.'

We suggest motorists take a new look at their favorite fuel stop, and comment on the appearance to the operator. He's in a competitive business, he should want to be a participant in community progress, so he ought to appreciate either a favorable remark or some helpful criticism.

Avoiding Crises

Labor contract negotiations are not inevitably a "crisis" situation with threats of strike and economic ruin; thousands of agreements are worked out weekly in industry and business without disruption of production and pay.

The weekend approval of a new 3-year contract at the Mackintosh - Hemphill Division of E. W. Bliss Co. is an example of other pacts in the steel and pottery industries which are achieved without a lot of illogical demands and rigid unwillingness to accede.

Collective bargaining is the way of life in most areas of the economy, but it is the spirit of compromise and understanding which make it work for both sides—and the guy in the middle.

Search For Race Pride

The Negro revolution in America is entering a new phase that is just as difficult for some whites to understand as was the destruction of black neighborhoods by rioters.

It embodies a turning away from the former major goal of assimilation of Negroes into white American society. Importance now is attached to development of pride (Black is Beautiful), economic self sufficiency and a political voice that can be heard.

It is not a complete about-face from the goal of integration, although some Negroes support a program of separateness.

A NEW GENERATION of Negro leaders are saying, in effect, that integration has not brought about equality and dignity because conditions have not changed.

Changing the restricting conditions (political ineptitude, economic void, etc.) by erasing ghetto inferiority complexes, broadening economic opportunity and establishment of a cultural identity, the new leaders feel the Negro will achieve equality—which was the purpose of integration.

Points of friction in the new movement are centered in academic circles. College students, some militants, have demanded and received assurances of black-only facilities.

Some college-level classes are being established on a black-only basis.

A Wahington, D.C., high school is offering credit courses in black philosophy, black literature, black music and Swahili taught in a nearby Lutheran Church.

School officials have approved a system that lets students spend half the school day studying regular courses and the rest of the day on elective courses at the church.

The soundness of permitting any student—regardless of color—to spend half his time on black studies raises a serious question of emphasis.

Alo, a program of black-only university courses is of doubtful value on the basis of principle.

Naturally, some of these programs are experimental and will be dropped later. But it is important that time and effort not be wasted.

Another approach to the problem is catching on with many colleges and universities and seems likely to set the pattern for the nation.

This tack is the addition of elective courses in Negro history culture, etc. to the regular curriculum.

FOR EXAMPLE, Harvard University is offering such courses and is considering a degree-granting program in Afro-American studies.

The pitfalls of overemphasis, distortion and racial disharmony are obvious to Negroes and whites alike. But the program will move ahead and if the warnings issued by respected leaders like Roy Wilkins, executive director of the N.A.A.C.P., are heeded the situation will be defused.

Mr. Wilkins, speaking at Columbus this summer said : "In teaching race pride it will be disastrous if we teach a false distinction and a false superiority . . . Pride, yes. The will to achieve, yes. Equal acceptance with other members of the human family, yes. But arrogance, bombast and contrived myths, no."

The Agony Of Czechoslovakia

There is something tragic, and at the same time nauseous, about the situation in Czechoslovakia — a situation which sees the government repressing its own people because it is compelled to do so by a foreign government.

The people of Czechoslovakia, in nationwide demonstrations last week, made dramatically clear their resentment and indignation at the Russian occupation.

DESPITE ITS REIMPOSING of more and more controls, the Czech government gives the impression of doing so with the greatest reluctance and only out of fear of more Soviet troops being sent back into Prague.

How long a government whose leaders steadfastly led their people away from Communist orthodoxy toward liberalized social democracy can endure the anguish of being compelled to force its people back into the cage remains to be seen.

The possibility of major leadership changes continues to be hinted.

The agony of Czechoslovakia touches the entire world as it watches the people of that nation writhe in torment, shackled by its trusted leaders at the bidding of the Communist overlords in the Kremlin.

It is an object lesson, if any were needed, as to what can be expected once a nation comes under the direct influence of the Soviet Union.

IT IS WHY Yugoslavia is bristling from fear and has asked the capitalistic United States for assistance in the event Russia and its Warsaw Pact allies breach its borders.

Russia, in compelling the Czech government to act in such a way as to turn its people against it, is using the time-tested "divide and conquer" technique. It is a terrible, a tragic thing to behold.

VICTOR RIESEL

Labor Uncertain Of Nixon

WASHINGTON — My friend, my personal White House Platonic discourser who had cleared all wires for me, lo, these many mercurial Johnsonian days, asked if I had called just to see the feathers fly off a lame duck.

Victor Riesel

I told him I called to talk about Richard Nixon. So my friend on the inside looking out, a vantage point soon to be reversed, summed up what I believe to be the Oval Room analysis of the President-elect.

"Brains he's got," murmured my old mentor, "instincts, he's got. He uses the first, not the second. That's good for a computer, but not a political leader."

The point he made was that Dick Nixon thinks things out — too much. That's logic. But not always a virtue at 1600 Pennsylvania Ave.

It would be logical, for example, for Dick Nixon to believe that the powerful labor movement — 20 million strong, not counting their families — is his enemy. There are those who would like him to believe this. The evidence is there. Few political leaders have been abused with such name-calling by so many for so long. And few have been in "the opposition" for so long.

LABOR ALWAYS RALLIES to the President because it needs him at the end of a phone, it needs an open front door, side door, back door at the White House.

It was so with Franklin Roosevelt, Harry Truman, even Gen. Eisenhower and, of course, John Kennedy and Lyndon Johnson — but only up to a point during LBJ's last year.

Then the "President began buckshooting us in the rear end," said one AFL-CIO vice president. Labor leaders couldn't get through to him. They couldn't get through to anyone in the White House.

George Meany could. But no one else. They felt betrayed. And that's the most charitable word they've been using.

Came election time and there was no Democratic party, just some spare parts of an old political machine. But the White House could not be permitted to go by default.

So Mr. Meany called on his legions. It was "George" for whom they fought — and not so much for their old friend Hubert Humphrey. And they came mighty near winning — for George and the movement.

Now they're awaiting Dick Nixon's next move. They want to know if he meant what he said about keeping the White House door ajar or whether it was campaign chatter.

RIGHT NOW, Dick Nixon's instincts tell him to live with them. He contemplates presidential neutrality during any massive showdown between a sprawling industry and a massive union. He is not thinking of pushing for touch new anti-strike laws, or tightening up the old labor-regulating laws, or resorting to the new-styled confrontation with the men who have mocked him for years and needled him with charges of anti-labor sentiment.

His instincts are for constant dialogues, no price or wage control, no rushing to an unfriendly Congress for ad hoc laws to end big-time strikes.

His instincts tell him to get the private industrial front off his back and let labor and management work out their own peace and salvation.

THESE VERY SAME instincts, however, do move this political scientist to mop up one source of public irritation, the public service strikes: the garbage strike, the police and fire fighters' action, the shutdown of hospitals and mental institutions, the crippling of subway, bus and commuter transportation, the civil service stoppages and the sieges of the city halls of America.

But even on this site of battle he does not think tough. He plans to call a national conference of all public sector labor and civic officials not long after the inauguration. He wants them to work out laws to end such strikes, but also to develop an 'Economic Bill of Rights for Public Employes."

His instincts are not to push unless he gets pushed.

His instincts tell him that, with one war on his hands, it would be politically amateur to open a second front right around the corner.

What will happen when he thinks things out is another matter. We'll know when he appoints a Secretary of Labor. He'll be the tip-off on war or peace.

Party Discipline

One of the stragest things that can happen in a national election occurred last week when a Republican won the presidency and neither the Republican nor Democratic party found itself sure of a permanent majority in Congress.

Although 218 seats in the House of Representatives, for instance, constitute a numerical majority and 243 Democrats won last Tuesday, the points of view and philosophies of many of the men elected do not assure that their votes will always be cast for their own party except perhaps on matters of a routine nature and the selection of committee chairmen.

It seems certain, however, that on most of the controversial issues a conservative majority will control each house of Congress. This conclusion can be drawn from an examination of the way Democrats were elected in states that were carried by Nixon and also the manner in which Republicans were elected in states carried by Humphrey or Wallace.

IN SOUTHERN STATES, moreover, several Democrats were elected to Congress who were considered more conservative even than their Republican opponents and were, in a few cases, helped by money from Nixon supporters.

In other states, some incumbent Democrats had already, by their votes in Congress, established conservative records and were preferred by Republican voters.

It is a lucky thing that the Wallace ticket is nearly all states did not have any congressional candidates on it. For this would have confused the situation and caused the defeat of some conservative candidates from both of the major parties.

The best way to analyze the unusual results in the elections for the House of Representatives is to examine the changes in the party lineup between the outgoing and incoming Congress. This is shown in the following tabulation of the number of Republicans and Democrats in the house in the states carried by Humphrey and Nixon:

	HUMPHREY		NIXON	
	Dem.	Rep.	Dem.	Rep.
90th Congress	102	60	116	122
91st Congress	101	61	113	125

Certainly there were very vew of the winners in the South who, while running on the Democratic ticket, did not fail to make speeches that would attract Wallace or Nixon votes. If the 29 Democrats and six Republicans elected in the Wallace states are added to the Republican total of 186 derived from the states that Humphrey and Nixon carried, this makes 221, which is three more than is necessary for a majority.

Also, all of the 39 Democrats elected in the Southern and Border states which Nixon carried cannot be regarded as opposed to Nixon's policies. In fact, a large number of them will doubtless be found voting for the Republican president's recommendations. This would add 20 or 30 more votes to the 221 total given above, making it possible for 241 to 251 votes to be recorded in favor of various proposals of the Nixon administration.

So far as the Senate is concerned, there are 18 Democratic senators from the Southern and Border states carried by Nixon or Wallace who, if they voted with the 42 Republicans in the new Senate, would give Republican pieces of legislation a 60 to 40 majority. Not all of these 18 Democrats might do so, but a comfortable margin for the passage of bills urged by the Nixon administration is to be expected.

MANY OF THE CANDIDATES for Congress on the Democratic ticket did not want to desert their party because, if re-elected, they would be eligible for the chairmanship of a committee or for a high-ranking spot under the seniority system which might eventually lead to a chairmanship.

It is true, of course, that in many of the congressional contests, local issues had much to do with the results. Also, a number of Democrats made a determined effort in their speeches to win the votes of Republicans.

Some day a system of party responsibility will have to be established in America so that the people will be voting for a party ticket based upon previous commitments and acknowledged obligations to the party by both the president and the candidates for Congress.

For unless some form of discipline is imposed, makeshift majorities will continue to be in command, as will be the case in the 91st Congress which begins its session on Jan. 6, 1969.

Party Discipline

One of the stragest things that can happen in a national election occurred last week when a Republican won the presidency and neither the Republican nor Democratic party found itself sure of a permanent majority in Congress.

Although 218 seats in the House of Representatives, for instance, constitute a numerical majority and 243 Democrats won last Tuesday, the points of view and philosophies of many of the men elected do not assure that their votes will always be cast for their own party except perhaps on matters of a routine nature and the selection of committee chairmen.

It seems certain, however, that on most of the controversial issues a conservative majority will control each house of Congress. This conclusion can be drawn from an examination of the way Democrats were elected in states that were carried by Nixon and also the manner in which Republicans were elected in states carried by Humphrey or Wallace.

IN SOUTHERN STATES, moreover, several Democrats were elected to Congress who were considered more conservative even than their Republican opponents and were, in a few cases, helped by money from Nixon supporters.

In other states, some incumbent Democrats had already, by their votes in Congress, established conservative records and were preferred by Republican voters.

It is a lucky thing that the Wallace ticket is nearly all states did not have any congressional candidates on it. For this would have confused the situation and caused the defeat of some conservative candidates from both of the major parties.

The best way to analyze the unusual results in the elections for the House of Representatives is to examine the changes in the party lineup between the outgoing and incoming Congress. This is shown in the following tabulation of the number of Republicans and Democrats in the house in the states carried by Humphrey and Nixon:

HUMPHREY			NIXON	
	Dem.	Rep.	Dem.	Rep.
90th Congress	102	60	116	122
91st Congress	101	61	113	125

Certainly there were very vew of the winners in the South who, while running on the Democratic ticket, did not fail to make speeches that would attract Wallace or Nixon votes. If the 29 Democrats and six Republicans elected in the Wallace states are added to the Republican total of 186 derived from the states that Humphrey and Nixon carried, this makes 221, which is three more than is necessary for a majority.

Also, all of the 39 Democrats elected in the Southern and Border states which Nixon carried cannot be regarded as opposed to Nixon's policies. In fact, a large number of them will doubtless be found voting for the Republican president's recommendations. This would add 20 or 30 more votes to the 221 total given above, making it possible for 241 to 251 votes to be recorded in favor of various proposals of the Nixon administration.

So far as the Senate is concerned, there are 18 Democratic senators from the Southern and Border states carried by Nixon or Wallace who, if they voted with the 42 Republicans in the new Senate, would give Republican pieces of legislation a 60 to 40 majority. Not all of these 18 Democrats might do so, but a comfortable margin for the passage of bills urged by the Nixon administration is to be expected.

MANY OF THE CANDIDATES for Congress on the Democratic ticket did not want to desert their party because, if re-elected, they would be eligible for the chairmanship of a committee or for a high-ranking spot under the seniority system which might eventually lead to a chairmanship.

It is true, of course, that in many of the congressional contests, local issues had much to do with the results. Also, a number of Democrats made a determined effort in their speeches to win the votes of Republicans.

Some day a system of party responsibility will have to be established in America so that the people will be voting for a party ticket based upon previous commitments and acknowledged obligations to the party by both the president and the candidates for Congress.

For unless some form of discipline is imposed, makeshift majorities will continue to be in command, as will be the case in the 91st Congress which begins its session on Jan. 6, 1969.

Margin Now 182

Dawson Benefits In Offical Count

County Engineer John Ursu of Salem, Democrat, will be seeking to overcome a 182-vote margin when he files for a recount Wednesday with the County Election Board on returns from the Nov. 5 general election in which he lost to Bert A. Dawson Jr. of East Liverpool, Republican.

The official canvass figures released today by the election beard widened by 71 votes the margin by which the incumbent lost to the challenger making his first political bid.

The official canvass shows:

Dawson	**20,677**
Ursu	**20,495**

The unofficial tabulation, completed hours after the polls closed last week, showed Ursu defeated by an 111-vote margin. Both men lost votes in the official canvass. The unofficial count gave Dawson 20,691 and Ursu 20,580.

—:—

THE OFFICIAL canvass figure was a loss of 14 for Dawson and a loss of 85 for Ursu. The two changes made it a net loss of 71 for the incumbent.

The figures released today constitute the final, official record of the election results unless they're changed by the recount Ursu contemplates.

The incumbent engineer said Monday he will file a petition Wednesday with the Election Board asking a recount of all 170 precincts. He will post a cash bond of $1,700 to cover the cost at $10-per-precinct.

Don R. Gosney of Columbiana, Election Board member and county Democratic chairman, said he expects the recount will get under way Nov. 20. It will require several days. The average recount moves at the rate of one precinct every 10 to 15 minutes.

—:—

THE OFFICIAL canvass figures showed no material changes. It placed the total county vote at 43,584, a gain of eight from the 43,576 shown in the unofficial tabulation.

Over Birth Control Question

Dissident Priests Besiege Bishops By Hotel Sit-In

WASHINGTON (AP) — A band of dissident priests have besieged the nation's Roman Catholic bishops with a sit-in at a plush hotel amid signs that the church leaders may soften the interpretation of Pope Paul Vi's ban on artificial birth controls.

A proposed pastoral letter pending before the National Conference of Catholic Bishops moves tentatively toward making birth control a question of conscience for each married couple—a stance that could cushion Pope Paul VI's controversial ban on all contraceptives.

But the bishops said they had no power to intervene in the dispute swirling around 40 Washington priests penalized by Patrick Cardinal O'Boyle after they dissented against his rulings that the Pope's edict prohibited any use of contraceptives.

About 200 priests, singing "The Impossible Dream," marched into the bishops' hotel at nightfall Monday to show support for the 40.

They sat-in for three hours before Archbishop John F. Dearden of Detroit, head of the conference, finally met with them and received an appeal asking the conference to require mediation of their dispute with the cardinal.

The contraceptive issue is dominating the bishops' five-day fall session which began Monday. A final stand on the controversy is expected to be shaped in secret debate starting Wednesday.

The proposed version of the pastoral letter already handed out to the bishops also probes the morality of the Vietnam war and takes a stance in favor of selective conscientious objection to a specific war. But the bishops refused to spell out any details in advance of their vote.

About 220 bishops and five cardinals are attending the conference only a week after the French Assembly of Bishops left the question of birth control up to personal conscience.

A civil engineer picketed the hotel Monday with a sign showing red flames and the inscription: "To Hell with Dissenting French Bishops — Obey the Pope."

About 300 priests from as far away as San Antonio and Seattle met during the day Monday to ask the U.S. bishops to step in the punishment dispute. Many of them, led by clergymen cast out from their rectories by Cardinal O'Boyle, marched a mile to the hotel to deliver the appeal.

The priests prayed in the lobby, sang hymns and ate sandwiches until Archbishop Dearden appeared before them to accept their appeal. The Rev. Thomas Reese of Wilmington, Del., a spokesman for the priests, said afterwards, "It's a calculated risk—it may do more harm than good. But we're hopeful."

LAFAYETTE, Calif. (AP) — Mrs. Amy B. Davies, 72, wife of a former head of the American Arabian Oil Co., died Sunday after apparently suffering a heart attack and falling into her swimming pool. Her husband, Fred A. Davies was one of the discoverers of oil in Bahrein and Saudi Arabia.

Christmas Decorations Are Planned At Lisbon

LISBON — Mayor Clyde B. Pike directed Council's lighting committee Monday night to ask the Ohio Edison Co. for help in planning Christmas decorations for the Square.

Council assigned the decorating to Street Commissioner Thirl Flugan early this fall. The Jaycees had taken care of decorating for several years, but earlier this year announced they were dropping the project.

Flugan told Council he will concentrate on decorating the three parks on the Square. Council voted to have Roy Arter, village electrician, complete wiring the music court section of the Square to take care of lighting the community Christmas tree. Pike said Arter's estimate is about $130.

—:—

COUNCIL tabled a motion by President Bill Mattix to eliminate parking on Pritchard Ave. from the village limits to E. Lincoln Way. At the suggestion of Bill Robinson, the street committee will confer with residents on Pritchard and report at the next meeting Nov. 25.

Pike read a letter from the Wadsworth Brick and Tile Co., owner of the former Thomas Works on E. Washington St., authorizing the village to remove a broken down loading dock along the east and north sides of the building with the understanding the work is to be done at no cost to the company.

The mayor said the Chamber of Commerce had asked him to do something about the unsightly appearance of the dock. Councilmen said they would not approve removing the dock at village expense and suggested that the mayor turn over the letter to the Chamber. The plant, which made porcelain insulators, has not been used for several years.

Council voted to erect a street light on the alley behind the First United Presbyterian Church.

Solicitor Joseph Baronzzi read letters from the Ohio Department of Health reporting its approval of detail plans for proposed chlorination facilities at the sewage treatment plant and the general plans of proposed secondary sewage treatment facilities at the plant. The plans were forwarded to the state recently by Morris E. Nall & Associates of Cleveland, consulting engineers.

—:—

COUNCIL passed a resolution that the village shall provide for proper operation of the facilities in conformity with accepted sanitary engineering practices.

Council also adopted a resolution thanking residents and local organizations for support of the 3-mill operating levy renewed last Tuesday for another five years. It provides about $18,000 annually for current expenses.

The mayor directed the police committee to prepare specifications for a new police cruiser. Chief of Police Leon T. Zahrndt said the Ford cruiser has been in use since February 1967 and has traveled 70,000 miles.

Council discussed disposition of the ambulance, now stored in the village garage, and decided to confer with the trustees of Center and Elkrun townships before making a decision.

Pike reported on a test made by Guy Hurd, parking meterman, on 14 meters on E. Chestnut St. from Jefferson St. to N. Market St. When Hurd opened the meters yesterday after no collections since Oct. 14, they contained $1.42.

Council offered removing the meters, however, pointing out that any business locating in the former Hillyer Foodliner on E. Chestnut would make them in demand again. Hurd's request for six new meters remains under study.

Flugan told Council he will concentrate on decorating the three parks on the Square. Council voted to have Roy Arter, village electrician, complete wiring the music court section of the Square to take care of lighting the community Christmas tree. Pike said Arter's estimate is about $130.

—:—

COUNCIL tabled a motion by President Bill Mattix to eliminate parking on Pritchard Ave. from the village limits to E. Lincoln Way. At the suggestion of Bill Robinson, the street committee will confer with residents on Pritchard and report at the next meeting Nov. 25.

Pike read a letter from the Wadsworth Brick and Tile Co., owner of the former Thomas Works on E. Washington St., authorizing the village to remove a broken down loading dock along the east and north sides of the building with the understanding the work is to be done at no cost to the company.

The mayor said the Chamber of Commerce had asked him to do something about the unsightly appearance of the dock. Councilmen said they would not approve removing the dock at village expense and suggested that the mayor turn over the letter to the Chamber. The plant, which made porcelain insulators, has not been used for several years.

Council voted to erect a street light on the alley behind the First United Presbyterian Church.

Solicitor Joseph Baronzzi read letters from the Ohio Department of Health reporting its approval of detail plans for proposed chlorination facilities at the sewage treatment plant and the general plans of proposed secondary sewage treatment facilities at the plant. The plans were forwarded to the state recently by Morris E. Nall & Associates of Cleveland, consulting engineers.

—:—

COUNCIL passed a resolution that the village shall provide for proper operation of the facilities in conformity with accepted sanitary engineering practices.

Council also adopted a resolution thanking residents and local organizations for support of the 3-mill operating levy renewed last Tuesday for another five years. It provides about $18,000 annually for current expenses.

The mayor directed the police committee to prepare specifications for a new police cruiser. Chief of Police Leon T. Zahrndt said the Ford cruiser has been in use since February 1967 and has traveled 70,000 miles.

Council discussed disposition of the ambulance, now stored in the village garage, and decided to confer with the trustees of Center and Elkrun townships before making a decision.

Pike reported on a test made by Guy Hurd, parking meterman, on 14 meters on E. Chestnut St. from Jefferson St. to N. Market St. When Hurd opened the meters yesterday after no collections since Oct. 14, they contained $1.42.

Council offered removing the meters, however, pointing out that any business locating in the former Hillyer Foodliner on E. Chestnut would make them in demand again. Hurd's request for six new meters remains under study.

Agnew Plane Struck Twice By Lightning

SAN JUAN, P.R. (AP) — Lightning twice struck the "birthday flight" plant carrying Vice President-elect Spiro T. Agnew and his family to Puerto Rico Monday for a vacation. No one was hurt.

Agnew was so busy enjoying an impromptu party on the plane, thrown by family and friends to celebrate his 50th birthday, he said he wasn't aware of what happened until "the pilot told me."

The group included Mrs. Agnew, their four children and their baby granddaughter, several friends and Secret Service men.

The Air Force Convair 580 apparently was undamaged. It landed at 8:35 p.m. EST and Agnew's party immediately boarded three Marine helicopters for the 15-minute flight to the Dorado Beach Hotel, on the island's north coast.

Agnew discussed the flight calmly upon his arrival and casually mentioned the lightning after describing his vacation plans. He indicated the bolts hit after the plane took off from Patrick Air Force Base, in Florida, where it had refueled.

One source at Kennedy Airport in New York said planes in flight are struck by lightning from time to time without untoward effects.

Two Locals Back Nick Mamula As USW Director

ALIQUIPPA — Nick Mamula, president of Local 1211 of the United Steelworkers here, has been endorsed for District 20 director by Local 1605 of Ellwood City and Local 1660 of Sharon.

A spokesman for Mamula said it is the first time in more than 30 years that opposition to incumbent directors has developed.

Mamula said, "After talking to thousands of steelworkers in the western sector of Pennsylvania, I am firmly convinced that the only possible chance for survival of the USWA lies in a change in leadership of district directors, who are the chief liaison officers between the rank-and-file members and the international office."

Mamula said he was closely associated with the late Donald C. Rarick in protesting the dues increase adopted at an international convention in Los Angeles in 1956. Mamula served as campaign chairman for Rarick in his bid to unseat David J. McDonald, president of the USWA in 1957.

Agnew Plane Struck Twice By Lightning

SAN JUAN, P.R. (AP) — Lightning twice struck the "birthday flight" plant carrying Vice President-elect Spiro T. Agnew and his family to Puerto Rico Monday for a vacation. No one was hurt.

Agnew was so busy enjoying an impromptu party on the plane, thrown by family and friends to celebrate his 50th birthday, he said he wasn't aware of what happened until "the pilot told me."

The group included Mrs. Agnew, their four children and their baby granddaughter, several friends and Secret Service men.

The Air Force Convair 580 apparently was undamaged. It landed at 3:35 p.m. EST and Agnew's party immediately boarded three Marine helicopters for the 15-minute flight to the Dorado Beach Hotel, on the island's north coast.

Agnew discussed the flight calmly upon his arrival and casually mentioned the lightning after describing his vacation plans. He indicated the bolts hit after the plane took off from Patrick Air Force Base, in Florida, where it had refueled.

One source at Kennedy Airport in New York said planes in flight are struck by lightning from time to time without untoward effects.

Cusick Given 1-20 Years In Traffic Mishap Deaths

LISBON — Robert E. Cusick Jr., 30, of West Point pleaded guilty this morning before trial in Common Pleas Court to two counts of traffic manslaughter.

Convicted July 17 by a jury in connection with the traffic death of Paul W. Dawson, 48, formerly of 1004 St. George St., East Liverpool, Cusick has appealed the judgment to Seventh District Court of Appeals. He is free under a stay-of-sentence bond pending outcome of the appeal.

He pleaded guilty this morning to indictments charging him with unintentionally causing the deaths of Albert G. Adkins, 55, formerly of 447 Virginia Ave., East Liverpool, and his son, Donald Adkins, 28, formerly of Midland Heights.

The defendant's brother, Arnold Cusick, 19, of Lisbon RD 1, riding with the defendant, also died in the crash.

Cusick's car and one driven by the younger Adkins collided head-on Nov. 11 last year on Route 30 at the Route 45 cutoff in West Point. The state alleged Cusick was driving while under the influence of alcohol, drove recklessly and failed to obey a traffic control device as he approached Route 30 from Route 45.

Judge Buzzard sentenced Cusick this morning to 1 to 20 years in the penitentiary on each count and said both sentences may be served concurrently with the one imposed in July. At that time the judge ordered the defendant's driver's license suspended for three years.

Nixon-LBJ

(Continued from Page 1)

"It can be made only if the parties on the other side realize that the current administration is setting forth policies that will be carried foreward by the next administration. . . I gave assurance in each instance to the secretary of state and, of course, the President, that they could speak not just for this administration but for the nation and that meant for the next administration as well."

Nixon expressed hope that as a result of what he described as "completely candid discussions" with Johnson and key administration advisers, "rather than having the lapse of a lame duck presidency, in effect, we might have some very significant action, progress toward peace" before inauguration day."

The Johnsons and the Nixons had lunch and then, while the ladies toured the White House and discussed housekeeping problems, the men conferred in the Cabinet room with Secretary of State Dean Rusk, Secretary of Defense Clark Clifford, presidential advisor Walt W. Rostow, Director Richard Helms of the Central Intelligence Agency, and Gen. Earle Wheeler, Chairman of the Joint Chiefs of Staff.

Nixon flew to New York from Washington after spending four days in Key Biscayne, Fla., relaxing and beginning preliminary discussions on the formation of his new administration.

About half a dozen top Nixon aides accompanied him to the White House and, while he and Johnson talked, met with their likely counterparts in the outgoing administratiion.

It was understood that a number of the Nixon aides will be returning to Washington from time to time to discuss details of the transition from one administration to the other.

One of Nixon's closest advisers, California Lt. Gov. Robert H. Finch, said in Sacramento Monday, "I will not be a part of the White House staff," but he did not rule out a possible Cabinet appointment.

'Finger Man' In Nixon Plot Faces Jury

NEW YORK (AP) — The mystery witness who fingered three Yemeni Arabs as alleged plotters to assassinate President-elect Richard M. Nixon tells his story today before a Brooklyn grand jury.

The witness, described only as a 36-year-old man with an Arabic name, has been in protective custody. Police said the man described himself as an expert marksman and charged the trio wanted him as the trigger man in the plot.

The men accused as the plotters are Ahmed Rageh Namer, 43, and his sons, Hussein, 20, and Abdo, 19.

Held in $100,000 bail, they were scheduled to appear today in Brooklyn Criminal Court to answer charges of conspiracy to commit murder, criminal solicitation and possession of deadly weapons.

Their hearing may be postponed because the case is before the grand jury.

In the Namers' meagerly furnished apartment in the East New York section of Brooklyn, authorities said they found an M-1 rifle, an M-1 carbine, and 24 rounds of ammunition.

Nixon, who arrived Monday night in New York, where he has an apartment, was met by a heavy security guard.

Israel Stands Firm On Strait

Nasser Sees Maneuvers In Tense Suez Canal Area

By The Associated Press

Egyptian President Gamal Abdel Nasser attended front-line maneuvers in the tense Suez Canal area Monday, while Premier Levi Eshkol indicated Israel won't give up control of the Tiran Strait, its outlet to East Africa, Persian Gulf oil and the Far East.

The semiofficial Cairo newspaper Al Ahram reported Nasser spent seven hours atop a tank, watching a "massive" maneuver of tanks and armored divisions. It said he was accompanied by Defense Minister Mohammed Fawzy and Iraqi Vice Premier Hamedi Ammash.

Al Ahram also reported wide contacts have been initiated among the Arab capitals to work out a plan of action following the "collapse" of U.N. envoy Gunnar Jarring's peace mission.

There was speculation in Cairo that Egypt and Jordan are again trying to arrange an Arab summit conference, which some Arab countries, particularly Saudi Arabia, oppose.

Egyptian Foreign Minister Mahmoud Riad returned to Cairo from New York two days ago and said Jarring's attempts to work out something between the Arabs and Israel had been rendered futile by Israel's insistence on face-to-face negotiations with the Arabs. Israeli Foreign Minister Abba Eban countercharged that Riad had walked out of the talks in New York and "deliberately squandered in cold blood" chances for progress.

In Jersualem, Eshkol told the Israeli Parliament: "Free passage for our ships in the Suez Canal and freedom to defend free passage in the Straight of Tiran are conditions for peace."

Egypt's closure of the strait at the Southern end of the Sinai Desert was one of the causes of the Arab-Israeli war in June 1967. The Israelis took the Sinai during the brief war, and observers in Jersualem took Eshkol's remarks to mean that Israel will hold on to the area overlooking the strait.

Diplomatic sources in Jerusalem have reported that Foreign Minister Eban made clear to Jarring Israel's position on the Tiran Strait.

Up to now, the Old City of Jerusalem is the only captured territory the Israelis have said they will never relinquish.

The 73-year-old premier, recovering from a serious chest infection, said: "We have the strength to meet any trials that may be in store. The fact that we hold secure lines, although it cannot prevent bloodshed, is a barrier against the danger to our very existence."

At U.N. General Assembly in New York, Secretary-General U Thant again appealed to Israel to facilitate the return of Arab refugees to the territory on the west bank of the Jordan River which it seized from Jordan. He told the assembly's special political committee this would relieve the refugees' plight in Jordan and ease an enormous financial burden on the U.N. Relief and Works Agency.

Thant told newsmen that Jarring's peace mission is not ended and that the Israeli, Jordanian and Egyptian foreign ministers were prepared for more talks in New York or anywhere else Jarring wants to talk.

"We ought not to bury this mission, it is not yet dead," he said.

But Eban, who was scheduled to leave for home today, told a news conference Riads statements and actions reflected Nassers policy of no recognition, reconciliation or negotiations with Israel.

Eban also charged that the Soviet Unions "blind identification with Arab attitudes had intensified the arms race in the Middle East and weakened any chances for effective peacekeeping by the U.N. Security Council.

Shooting

(Continued from Page 1)

trolman Robert Duffy, desk officer at headquarters, received a telephoned report of a "possible shooting in front of the YMCA."

Conkle found Robert Steffanson, a night-time employe of the YMCA, who said he saw a man stop his car in the middle of the street and approach the driver of another auto which was halted for a traffic light at the intersection.

Steffanson said there was a fight and he thought he heard a gunshot.

About that time, police received a report that a man had been brought to the hospital with a gunshot wound. Police learned that Parson had been taken to the hospital by Cook.

Officers said the investigation showed there was a scuffle between Parson and Cook and one of the men pulled a gun, which discharged, wounding Parson.

Cook was identified as the gun-wielder. Officers said the weapon appears to be a .25-caliber pistol.

Talks

(Continued from Page 1)

Cong's National Liberation Front does not have diplomatic status inferior to that of Thieu's government. U.S. negotiators began consultations Monday with South Vietnam's observer in Paris, Pham Dang Lam, looking for a basis for compromise. But in Saigon, a spokesman for Thieu repeated the president's demands and said South Vietnam "will never give equal status at the peace talks to the Hanoi-dominated NLF."

Recognition Of Three

Information Minister Ton That Thien said recognition of the NLF would amount to recognition of three Vietnams instead of the present two.

"We will never accept a vague understanding," he declared. "We want specific guarantees that the NLF will not be seated as a separate delegation."

The Communists held a mass rally in Paris at which they blamed the United States for the breakdown in negotiations.

Hanoi's chief delegate to the talks, Xuan Thuy, declared "a war-mongering American faction" was encouraging Thieu to balk at joining the talks because it wanted the stall the peacemaking process.

Mrs. Nguyen Thi Binh, the chief NLF delegate, made similar charges. She shared the speakers' platform with Thuy under a large portrait of North Vietnamese President Ho Chi Minh.

Cusick Given 1-20 Years In Traffic Mishap Deaths

LISBON — Robert E. Cusick Jr., 30, of West Point pleaded guilty this morning before trial in Common Pleas Court to two counts of traffic manslaughter.

Convicted July 17 by a jury in connection with the traffic death of Paul W. Dawson, 48, formerly of 1004 St. George St., East Liverpool, Cusick has appealed the judgment to Seventh District Court of Appeals. He is free under a stay-of-sentence bond pending outcome of the appeal.

He pleaded guilty this morning to indictments charging him with unintentionally causing the deaths of Albert G. Adkins, 55, formerly of 447 Virginia Ave., East Liverpool, and his son, Donald Adkins, 28, formerly of Midland Heights.

The defendant's brother, Arnold Cusick, 19, of Lisbon RD 1, riding with the defendant, also died in the crash.

Cusick's car and one driven by the younger Adkins collided head-on Nov. 11 last year on Route 30 at the Route 45 cutoff in West Point. The state alleged Cusick was driving while under the influence of alcohol, drove recklessly and failed to obey a traffic control device as he approached Route 30 from Route 45.

Judge Buzzard sentenced Cusick this morning to 1 to 20 years in the penitentiary on each count and said both sentences may be served concurrently with the one imposed in July. At that time the judge ordered the defendant's driver's license suspended for three years.

Nixon-LBJ

(Continued from Page 1)

"It can be made only if the parties on the other side realize that the current administration is setting forth policies that will be carried foreward by the next administration. . . I gave assurance in each instance to the secretary of state and, of course, the President, that they could speak not just for this administration but for the nation and that meant for the next administration as well."

Nixon expressed hope that as a result of what he described as "completely candid discussions" with Johnson and key administration advisers, "rather than having the lapse of a lame duck presidency, in effect, we might have some very significant action, progress toward peace" before inauguration day."

The Johnsons and the Nixons had lunch and then, while the ladies toured the White House and discussed housekeeping problems, the men conferred in the Cabinet room with Secretary of State Dean Rusk, Secretary of Defense Clark Clifford, presidential advisor Walt W. Rostow, Director Richard Helms of the Central Intelligence Agency, and Gen. Earle Wheeler, Chairman of the Joint Chiefs of Staff.

Nixon flew to New York from Washington after spending four days in Key Biscayne, Fla., relaxing and beginning preliminary discussions on the formation of his new administration.

About half a dozen top Nixon aides accompanied him to the White House and, while he and Johnson talked, met with their likely counterparts in the outgoing administratiion.

It was understood that a number of the Nixon aides will be returning to Washington from time to time to discuss details of the transition from one administration to the other.

One of Nixon's closest advisers, California Lt. Gov. Robert H. Finch, said in Sacramento Monday, "I will not be a part of the White House staff," but he did not rule out a possible Cabinet appointment.

'Finger Man' In Nixon Plot Faces Jury

NEW YORK (AP) — The mystery witness who fingered three Yemeni Arabs as alleged plotters to assassinate President-elect Richard M. Nixon tells his story today before a Brooklyn grand jury.

The witness, described only as a 36-year-old man with an Arabic name, has been in protective custody. Police said the man described himself as an expert marksman and charged the trio wanted him as the trigger man in the plot.

The men accused as the plotters are Ahmed Rageh Namer, 43, and his sons, Hussein, 20, and Abdo, 19.

Held in $100,000 bail, they were scheduled to appear today in Brooklyn Criminal Court to answer charges of conspiracy to commit murder, criminal solicitation and possession of deadly weapons.

Their hearing may be postponed because the case is before the grand jury.

In the Namers' meagerly furnished apartment in the East New York section of Brooklyn, authorities said they found an M-1 rifle, an M-1 carbine, and 24 rounds of ammunition.

Nixon, who arrived Monday night in New York, where he has an apartment, was met by a heavy security guard.

Israel Stands Firm On Strait

Nasser Sees Maneuvers In Tense Suez Canal Area

By The Associated Press

Egyptian President Gamal Abdel Nasser attended front-line maneuvers in the tense Suez Canal area Monday, while Premier Levi Eshkol indicated Israel won't give up control of the Tiran Strait, its outlet to East Africa, Persian Gulf oil and the Far East.

The semiofficial Cairo newspaper Al Ahram reported Nasser spent seven hours atop a tank, watching a "massive" maneuver of tanks and armored divisions. It said he was accompanied by Defense Minister Mohammed Fawzy and Iraqi Vice Premier Hamedi Ammash.

Al Ahram also reported wide contacts have been initiated among the Arab capitals to work out a plan of action following the "collapse" of U.N. envoy Gunnar Jarring's peace mission.

There was speculation in Cairo that Egypt and Jordan are again trying to arrange an Arab summit conference, which some Arab countries, particularly Saudi Arabia, oppose.

Egyptian Foreign Minister Mahmoud Riad returned to Cairo from New York two days ago and said Jarring's attempts to work out something between the Arabs and Israel had been rendered futile by Israel's insistence on face-to-face negotiations with the Arabs. Israeli Foreign Minister Abba Eban countercharged that Riad had walked out of the talks in New York and "deliberately squandered in cold blood" chances for progress.

In Jersualem, Eshkol told the Israeli Parliament: "Free passage for our ships in the Suez Canal and freedom to defend free passage in the Straight of Tiran are conditions for peace."

Egypt's closure of the strait at the Southern end of the Sinai Desert was one of the causes of the Arab-Israeli war in June 1967. The Israelis took the Sinai during the brief war, and observers in Jersualem took Eshkol's remarks to mean that Israel will hold on to the area overlooking the strait.

Diplomatic sources in Jerusalem have reported that Foreign Minister Eban made clear to Jarring Israel's position on the Tiran Strait.

Up to now, the Old City of Jerusalem is the only captured territory the Israelis have said they will never relinquish.

The 73-year-old premier, recovering from a serious chest infection, said: "We have the strength to meet any trials that may be in store. The fact that we hold secure lines, although it cannot prevent bloodshed, is a barrier against the danger to our very existence."

At U.N. General Assembly in New York, Secretary-General U Thant again appealed to Israel to facilitate the return of Arab refugees to the territory on the west bank of the Jordan River which it seized from Jordan. He told the assembly's special political committee this would relieve the refugees' plight in Jordan and ease an enormous financial burden on the U.N. Relief and Works Agency.

Thant told newsmen that Jarring's peace mission is not ended and that the Israeli, Jordanian and Egyptian foreign ministers were prepared for more talks in New York or anywhere else Jarring wants to talk.

"We ought not to bury this mission, it is not yet dead," he said.

But Eban, who was scheduled to leave for home today, told a news conference Riads statements and actions reflected Nassers policy of no recognition, reconciliation or negotiations with Israel.

Eban also charged that the Soviet Unions "blind identification with Arab attitudes had intensified the arms race in the Middle East and weakened any chances for effective peacekeeping by the U.N. Security Council.

Shooting

(Continued from Page 1)

trolman Robert Duffy, desk officer at headquarters, received a telephoned report of a "possible shooting in front of the YMCA."

Conkle found Robert Steffanson, a night-time employe of the YMCA, who said he saw a man stop his car in the middle of the street and approach the driver of another auto which was halted for a traffic light at the intersection.

Steffanson said there was a fight and he thought he heard a gunshot.

About that time, police received a report that a man had been brought to the hospital with a gunshot wound. Police learned that Parson had been taken to the hospital by Cook.

Officers said the investigation showed there was a scuffle between Parson and Cook and one of the men pulled a gun, which discharged, wounding Parson.

Cook was identified as the gun-wielder. Officers said the weapon appears to be a .25-caliber pistol.

Talks

(Continued from Page 1)

Cong's National Liberation Front does not have diplomatic status inferior to that of Thieu's government. U.S. negotiators began consultations Monday with South Vietnam's observer in Paris, Pham Dang Lam, looking for a basis for compromise. But in Saigon, a spokesman for Thieu repeated the president's demands and said South Vietnam "will never give equal status at the peace talks to the Hanoi-dominated NLF."

Recognition Of Three

Information Minister Ton That Thien said recognition of the NLF would amount to recognition of three Vietnams instead of the present two.

"We will never accept a vague understanding," he declared. "We want specific guarantees that the NLF will not be seated as a separate delegation."

The Communists held a mass rally in Paris at which they blamed the United States for the breakdown in negotiations.

Hanoi's chief delegate to the talks, Xuan Thuy, declared "a war-mongering American faction" was encouraging Thieu to balk at joining the talks because it wanted the stall the peacemaking process.

Mrs. Nguyen Thi Binh, the chief NLF delegate, made similar charges. She shared the speakers' platform with Thuy under a large portrait of North Vietnamese President Ho Chi Minh.

Banner Income For Fiscal Year Set At $561,602

CLEVELAND — Net income of Banner Industries for the fiscal year ended June 30 totaled $561,602, or 16 cents a share, on sales of $17,350,458, Samuel J. Krasney, chairman and chief executive officer, has announced.

This year's figures compare with net sales of $14,858,900 and a loss of $48,200, or one cent a share, for the fiscal year ended June 30, 1967, after reflecting the January 1963 merger of Banner and Patterson Industries, Inc., on a pooling of interests basis.

Without the contribution of Patterson Industries, Banner lost $447,382 on sales of $1,786,908 in the fiscal year ended June 30, 1967. Fiscal 1968 earnings include $253,000, or seven cents a share, in federal income tax credit resulting from the application of a tax loss carry forward from prior years.

Krasney noted that the results include the operations of Dubie - Clark, Inc., since its acquisition by Patterson Industries in October 1967 and the operation of Unitane Corp. since its acquisition last April by Banner. The operations of Progressive Welder Canada Limited, acquired by Banner last July, are not reflected in figures for either year.

Krasney said that the outlook for the current year is favorable. He noted that fiscal 1968 results were penalized by expenses connected with the consolidation of operations, including the transfer of the Ludlow Valve Division from Troy, N.Y. to East Liverpool. Some of these expenses will continue to effect results for the first quarter of fiscal 1969, ending Sept. 30, he said.

Teemer Waits Arraignment In Income Tax Evasion Case

A charge of income tax evasion has been filed by the federal government against the 70-year-old former owner of nightclubs along "The Strip" in Hancock County.

Charles F. Teemer of Hollywood, Fla., is accused of failing to pay nearly $300,000 in income taxes during 1961-63, based on evidence heard by a U.S. grand jury at Elkins, W. Va. It was shown that Teemer had earned more than $440,000 on which he owned taxes of more than $277,000. The government contends that his joint returns for the three years show income of only $305,484. He paid taxes amounting to $166,176.

Former owner of the Jockey Club (which later renamed the Red Dog Casino) and the Club 30, Teemer has been free on $5,000 bond since April 11, when he was arrested on a federal warrant charging tax evasion in 1961.

In 1963, he was one of two men acquitted in federal court in Wheeling on accusations that he traveled interstate to promote a gambling enterprise.

The government contends Teemer's true income for the three years, with taxes due in parentheses, was as follows: 1961 — $150,708 ($93,103); 1962 — $178,061 ($115,513), and 1963 — $120,262 ($68,915).

During the three years his income tax returns, the government alleges, showed the following, with the taxes paid in parentheses: 1961 — $122,064 ($70,350); 1962 — $106,044 ($58,154), and 1963 — $77,276 ($37,670).

Banner Income For Fiscal Year Set At $561,602

CLEVELAND — Net income of Banner Industries for the fiscal year ended June 30 totaled $561,602, or 16 cents a share, on sales of $17,350,458, Samuel J. Krasney, chairman and chief executive officer, has announced.

This year's figures compare with net sales of $14,858,900 and a loss of $48,200, or one cent a share, for the fiscal year ended June 30, 1967, after reflecting the January 1963 merger of Banner and Patterson Industries, Inc., on a pooling of interests basis.

Without the contribution of Patterson Industries, Banner lost $447,382 on sales of $1,786,908 in the fiscal year ended June 30, 1967. Fiscal 1968 earnings include $253,000, or seven cents a share, in federal income tax credit resulting from the application of a tax loss carry forward from prior years.

Krasney noted that the results include the operations of Dubie - Clark, Inc., since its acquisition by Patterson Industries in October 1967 and the operation of Unitane Corp. since its acquisition last April by Banner. The operations of Progressive Welder Canada Limited, acquired by Banner last July, are not reflected in figures for either year.

Krasney said that the outlook for the current year is favorable. He noted that fiscal 1968 results were penalized by expenses connected with the consolidation of operations, including the transfer of the Ludlow Valve Division from Troy, N.Y. to East Liverpool. Some of these expenses will continue to effect results for the first quarter of fiscal 1969, ending Sept. 30, he said.

Out Of The Air

By HAL HUMPHREY

Benny's 'Rochester' Returns

It was 31 years ago that Jack Benny auditioned a fellow named Eddie Anderson to play the part of a Pullman porter on his radio show. There was a train sequence because the Benny show was moving from New York to Hollywood at the end of that season.

Hal Humphrey

"Eddie was a riot on that show," recalls Jack, "and I was surprised nobody picked him up. We got so much mail I decided to make him a regular, which I did after the summer. I made him my butler and chauffeur on the show."

-:-

AT A REHEARSAL for Jack's NBC-TV special coming up Saturday, Eddie (who's on the show briefly) claimed it was Jack who thought up the name of Rochester for him. Jack modestly said he didn't really remember, but the minute the name Rochester was mentioned, he knew it was the right one.

Eddie insists it was Jack, and that the name was copyrighted and years later Jack sold it to Eddie for $1.

This special of Jack's with Rochester is their first appearance together in four years, since the weekly Benny show went off TV. Prior to this, Rochester was usually a part of the regular Benny family of Dennis Day, Don Wilson, Mary Livingstone and Phil Harris in both radio and TV.

-:-

AT THE END of the upcoming special, Jack brings Rochester on stage for the following dialog:

JACK: Rochester, the reason I brought you out, I want to tell you about a great idea for a serise we can do together next year.

ROCHESTER: Good, good. What is it?

JACK: We can be two tennis players who really spies working for the CIA.

ROCHESTER: Hold it, hold it — that was done last season.

JACK: Oh. Well, then, we can play two bounty hunters in the post-Civil War period.

ROCHESTER: Hold it — that's being done this season.

JACK: Oh. Well, I have another idea — how about you coming back to work for me as my valet?

ROCHESTER: Blue eyes, we don't do that any more.

JACK: Oh, that's right. Come on, let's go get a hamburger.

-:-

NOT ONLY was Jack the only one to have a Negro on his program for years, but the relationship established between Jack and Rochester was unique in that it never stirred up criticism when Negroes began their campaign to have Hollywood eradicate the servant stereotypes so prevalent in movies.

Undoubtedly this was because with Jack and Rochester there was more of a partnership than an employer-employe relationship. Rochester, in fact, frequently outsmarted Jack in situations — much to the delight of audiences everywhere.

When you ask Rochester how old he is now, he says, "I'm younger than he is," pointing to Jack, who owns up to being 74 now.

"Everyone is younger than Jack," adds Rochester, laughing, but overlooking the question of his own age.

-:-

ROCHESTER kids about "driving the boss (Jack) out to Gettysburg, when Abe gave his famous address there."

Rochester and an elder brother, Cornelius, now dead, were a song-and-dance team on vaudeville circuits in 1923. Rochester went on playing vaudeville after joining Jack. His first important film role was as Noah in "Green Pastures." Rochester also played himself in most of Jack's movies, which number around 20.

"Come to think of it," says Jack, "I've paid him a hell of a lot of money over the years."

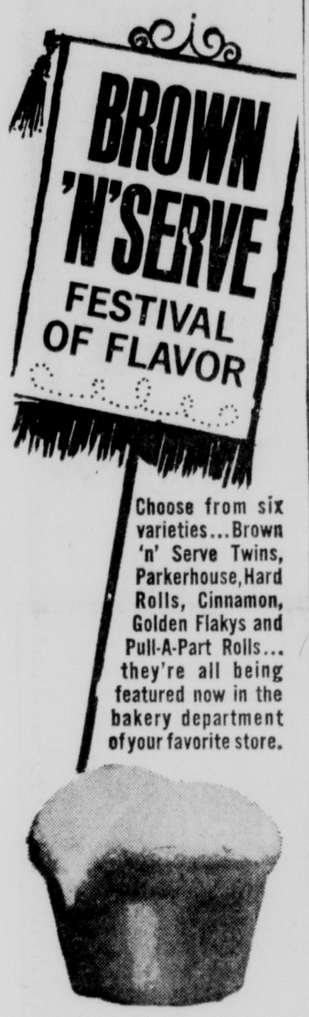

Rochester has been worth every penny of it, as Jack is first to attest.

The DOCTOR Says

End Of Smoking Requires Will Power

Q — How can one give up smoking? I have tried without success.

A — The drugs advertised to help you quit smoking are not very successful and are not 100 per cent safe. Strong motivation and strong will power are needed. Many a man who was advised to stop smoking because of a heart attack or other condition aggravated by smoking has kicked the habit overnight. Does it make any sense to wait until this happens to you?

Dr. Brandstadt

—:—

MANY EX - SMOKERS have found that it helps to drink a glass of water or a soft drink slowly instead of lighting a cigarette. They may find themselves drinking eight or more glasses a day at first. This is fine, because it flushes the nicotine out of their system.

Q — Does chewing tobacco have any harmful effects?

A — Chewing tobacco has the same harmful effects as smoking, but to a lesser degree. The effect varies with the individual and with how much he chews and how much tobacco juice he inadvertently swallows.

Q — I am very sensitive to tobacco smoke. Is there anything I can take for relief when I am around smokers?

A—Yes, take a seat near a window or door.

Q — A recent article warned about a little brown spider that may be found in shoes and clothing and whose bite is poisonous. How is it recognized and what are the symptoms?

A — The brown recluse spider, found in southern, midwestern and southwestern states, is giving all spiders a bad name. It is about ½-inch long and ¼-inch wide. It has an oval body and its color varies from light to dark brown. There is a dark spot on its head, shaped like a violin. Following a bite by this spider, there may be slight itching. After six to eight hours, the area becomes red and tender to touch. Within 12 to 24 hours, chills, fever, vomiting and restlessness may develop, especially if the victim is a child.

—:—

THE VICTIM should be given an injection of methyprednisolone at once, then admitted to a hospital. Some doctors believe that surgical removal of the area surrounding the bite is the best way to prevent the area from becoming gangrenous.

Please send your questions and comments to Wayne G. Brandstadt, M. D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Man, 21, Nabbed As 'Peeping Tom'

A 21-year-old man accused of being a "peeping Tom" was hospitalized late Monday night after he was pursued and captured by two East End men and then turned over to police.

The 21-year-old suspect, a resident of Ohio Ave., was in City Hospital for X-rays, officers said. The man complained of wrist and back injuries.

Officers said the man was captured by Bill DeSarro of 1056 St. George St. and Jerry Thorn of 1061 St. George St. Police were notified of the incident at 11:52. Lt. Paul A. Burson and Patrolman James Buckley found DeSarro and Thorn holding the suspect in front of DeSarro's home.

The two men said they began to chase the suspect after Thorn's wife said she saw a man peering in a window. When the suspect was placed in a cruiser to be removed to headquarters, he complained of the injuries and asked to be taken to the hospital, officers said.

Cat Loses Life As Fire Strikes House Trailer

A pet cat was the lone victim in a hous railer fire Monday at the Midway Trailer Court, Newell.

The cat died of smoke inhalation during the fire in a 1958 trailer owned by Mrs. E. G. Hoffman about 10:55 a. m. Damage was estimated at $1,500.

Six men and two trucks from the Newell department responded to the call. Fireman Alvin Mooney was treated with oxygen at the scene for smoke inhalation.

Officials investigating said the fire may have been caused by a cigarette. Mrs. Hoffman told them she had been smoking just before leaving at 7 a.m. for Waterford Park Race Track, where she stables horses.

The fact that the trailer was shut "tight" helped confine the blaze, firemen said.

Benny's 'Rochester' Returns

It was 31 years ago that Jack Benny auditioned a fellow named Eddie Anderson to play the part of a Pullman porter on his radio show. There was a train sequence because the Benny show was moving from New York to Hollywood at the end of that season.

Hal Humphrey

"Eddie was a riot on that show," recalls Jack, "and I was surprised nobody picked him up. We got so much mail I decided to make him a regular, which I did after the summer. I made him my butler and chauffeur on the show."

-:-

AT A REHEARSAL for Jack's NBC-TV special coming up Saturday, Eddie (who's on the show briefly) claimed it was Jack who thought up the name of Rochester for him. Jack modestly said he didn't really remember, but the minute the name Rochester was mentioned, he knew it was the right one.

Eddie insists it was Jack, and that the name was copyrighted and years later Jack sold it to Eddie for $1.

This special of Jack's with Rochester is their first appearance together in four years, since the weekly Benny show went off TV. Prior to this, Rochester was usually a part of the regular Benny family of Dennis Day, Don Wilson, Mary Livingstone and Phil Harris in both radio and TV.

-:-

AT THE END of the upcoming special, Jack brings Rochester on stage for the following dialog:

JACK: Rochester, the reason I brought you out, I want to tell you about a great idea for a serise we can do together next year.

ROCHESTER: Good, good. What is it?

JACK: We can be two tennis players who really spies working for the CIA.

ROCHESTER: Hold it, hold it — that was done last season.

JACK: Oh. Well, then, we can play two bounty hunters in the post-Civil War period.

ROCHESTER: Hold it — that's being done this season.

JACK: Oh. Well, I have another idea — how about you coming back to work for me as my valet?

ROCHESTER: Blue eyes, we don't do that any more.

JACK: Oh, that's right. Come on, let's go get a hamburger.

-:-

NOT ONLY was Jack the only one to have a Negro on his program for years, but the relationship established between Jack and Rochester was unique in that it never stirred up criticism when Negroes began their campaign to have Hollywood eradicate the servant stereotypes so prevalent in movies.

Undoubtedly this was because with Jack and Rochester there was more of a partnership than an employer-employe relationship. Rochester, in fact, frequently outsmarted Jack in situations — much to the delight of audiences everywhere.

When you ask Rochester how old he is now, he says, "I'm younger than he is," pointing to Jack, who owns up to being 74 now.

"Everyone is younger than Jack," adds Rochester, laughing, but overlooking the question of his own age.

-:-

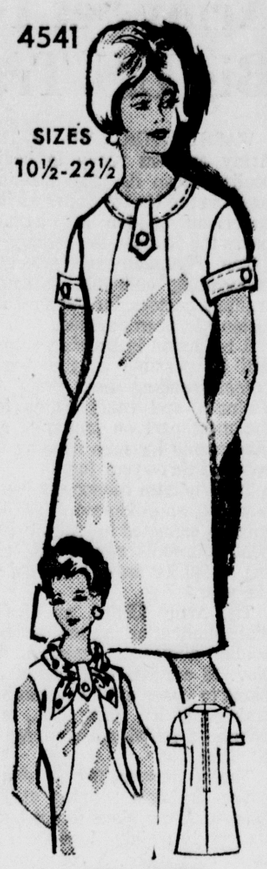

ROCHESTER kids about "driving the boss (Jack) out to Gettysburg, when Abe gave his famous address there."

Rochester and an elder brother, Cornelius, now dead, were a song-and-dance team on vaudeville circuits in 1923. Rochester went on playing vaudeville after joining Jack. His first important film role was as Noah in "Green Pastures." Rochester also played himself in most of Jack's movies, which number around 20.

"Come to think of it," says Jack, "I've paid him a hell of a lot of money over the years."

Rochester has been worth every penny of it, as Jack is first to attest.

The DOCTOR Says

End Of Smoking Requires Will Power

Q — How can one give up smoking? I have tried without success.

A — The drugs advertised to help you quit smoking are not very successful and are not 100 per cent safe. Strong motivation and strong will power are needed. Many a man who was advised to stop smoking because of a heart attack or other condition aggravated by smoking has kicked the habit overnight. Does it make any sense to wait until this happens to you?

Dr. Brandstadt

—:—

MANY EX - SMOKERS have found that it helps to drink a glass of water or a soft drink slowly instead of lighting a cigarette. They may find themselves drinking eight or more glasses a day at first. This is fine, because it flushes the nicotine out of their system.

Q — Does chewing tobacco have any harmful effects?

A — Chewing tobacco has the same harmful effects as smoking, but to a lesser degree. The effect varies with the individual and with how much he chews and how much tobacco juice he inadvertently swallows.

Q — I am very sensitive to tobacco smoke. Is there anything I can take for relief when I am around smokers?

A—Yes, take a seat near a window or door.

Q — A recent article warned about a little brown spider that may be found in shoes and clothing and whose bite is poisonous. How is it recognized and what are the symptoms?

A — The brown recluse spider, found in southern, midwestern and southwestern states, is giving all spiders a bad name. It is about ½-inch long and ¼-inch wide. It has an oval body and its color varies from light to dark brown. There is a dark spot on its head, shaped like a violin. Following a bite by this spider, there may be slight itching. After six to eight hours, the area becomes red and tender to touch. Within 12 to 24 hours, chills, fever, vomiting and restlessness may develop, especially if the victim is a child.

—:—

THE VICTIM should be given an injection of methylprednisolone at once, then admitted to a hospital. Some doctors believe that surgical removal of the area surrounding the bite is the best way to prevent the area from becoming gangrenous.

Please send your questions and comments to Wayne G. Brandstadt, M. D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Man, 21, Nabbed As 'Peeping Tom'

A 21-year-old man accused of being a "peeping Tom" was hospitalized late Monday night after he was pursued and captured by two East End men and then turned over to police.

The 21-year-old suspect, a resident of Ohio Ave., was in City Hospital for X-rays, officers said. The man complained of wrist and back injuries.

Officers said the man was captured by Bill DeSarro of 1056 St. George St. and Jerry Thorn of 1061 St. George St. Police were notified of the incident at 11:52. Lt. Paul A. Burson and Patrolman James Buckley found DeSarro and Thorn holding the suspect in front of DeSarro's home.

The two men said they began to chase the suspect after Thorn's wife said she saw a man peering in a window. When the suspect was placed in a cruiser to be removed to headquarters, he complained of the injuries and asked to be taken to the hospital, officers said.

Cat Loses Life As Fire Strikes House Trailer

A pet cat was the lone victim in a hous railer fire Monday at the Midway Trailer Court, Newell.

The cat died of smoke inhalation during the fire in a 1958 trailer owned by Mrs. E. G. Hoffman about 10:55 a. m. Damage was estimated at $1,500.

Six men and two trucks from the Newell department responded to the call. Fireman Alvin Mooney was treated with oxygen at the scene for smoke inhalation.

Officials investigating said the fire may have been caused by a cigarette. Mrs. Hoffman told them she had been smoking just before leaving at 7 a.m. for Waterford Park Race Track, where she stables horses.

The fact that the trailer was shut "tight" helped confine the blaze, firemen said.

4 Chapters Convene Here

Preservation Of Records Urged At DAR's Meeting

Mrs. R. Warren Scott, recording secretary of the Ohio Society of the Daughters of the American Revolution, discussed "Preservation of Genealogical Records" during the county-wide meeting of four chapters Saturday afternoon.

Mrs. Clarence G. Green, regent of Bethia Southwick chapter of Wellsville, was in charge of arrangements for the meeting in Mary Patterson Memorial Home here. She was assisted by Mrs. Gladys Rose.

—:—

MRS. SCOTT urged preservation of gravestone inscriptions, church and court records and family history. A question-and-answer period followed.

During her chairmanship of the state genealogical committee of Ohio, 5,728 pages of records in bound volumes and three reels of microfilm representing 1,913 pages were contributed to the National Society Daughters of American Revolution library in Washington.

Mrs. Green presided and opened the meeting according to ritual. Mrs. Kathleen Ball, chaplain, led devotions, with "Thanksgiving" the theme.

Mrs. Robert S. Dunn, regent of Phoebe Fraunces chapter of Salem, led the pledge of allegiance. The group recited the Americans Creed and Mrs. John Blocksom, regent of Lewis Kinney chapter of Lisbon, led the singing of the "Star Spangled Banner" and presented a musical selection.

To Former Garfield Building

Center Completes Move

MISS JEANNETTE BELL, outreach worker, looks over some projects of Day Care children. She is assisting Mrs. Norman Scott, superviser and nurse.

The Community Resource Center in East End has completed its move from 514 Mulberry St. to the former Garfield School at 940 Pennsylvania Ave., Mrs. Bea Henderson, director, has announced.

It began Oct. 17 when a truck and driver, donated by the Wallover Oil Co., began transferring the center's equipment. The final touches — painting and cleaning for teen activities — are just now being made.

—:—

FACILITIES available at the center include "Head Start" classes for pre-schoolers, a Day Care Center for younger children with working mothers, a Homemakers' group, study rooms and a circulating library for students and vocational training for youth and adults.

Shorthand, typing, merchandising and the use of store equipment are some of the subjects available. Stress s placed on job training, counseling and placement while working in conjunction with the local state employment office, Mrs. Henderson said.

Plans also are being completed for a youth center for weekend activities, she noted. Arts and crafts are taught now in the center, along with vocal and piano lessons. Several students at the Kent State Academic Center have volunteered to assist in remedial reading, Mrs. Henderson said.

She reminded residents that a county welfare case worker is at the center every Tuesday morning for consultations. Clothing is distributed to any county resident free of charge, she said.

A Camp Fire Girls group meets Mondays in the center under the leadership of Mrs. Mae Abbott. Other groups are invited to hold their meetings in the building, Mrs. Henderson said.

—:—

THE BACK area of the building is the only part in use at the present time, due to the expense involved in the upkeep of the entire structure. Office space has been constructed by the Rev. E. H. Harris from materials donated by the Potters Lumber Co., the Adkins Lumber Co. and Spagnol's Lumber Co. and paints and other supplies from the Kerr Lumber Co. The Kent St. entrance is being used as the main entrance.

Sewing lessons will be made available soon, the director noted.

The staff includes Mrs. Jeannette Kimbrew, office clerk; Mrs. Norman Scott, nurse; Mrs. Lucy Jackson, maintenance supervisor, and Miss Jeannette Bell, outreach worker.

Mrs. Henderson reminded residents that a pre-Christmas bazaar will be held Dec. 3 by the Homemakers Group, with proceeds for center projects.

The next total eclipse of the sun that will be visible anywhere in the United States will be on March 7, 1970 — visible from Florida.

As Buildup In Viet Nears Ceiling

Army Set To Scale Down Big U.S. Training Bases

WASHINGTON (AP) — The Army appears ready to begin scaling down its huge training bases in the United States as the American buildup in Vietnam nears the 549,500-man ceiling.

The Pentagon acknowledges considering cutbacks in some training centers, but says no decision has been reached.

A reduction in training output will be possible as the Army ceases sending new units to Vietnam and concentrates for the most part on providing replacements for men winding up two and three-year tours.

The Vietnam manpower level, now at approximately 535,000 men, is expected to reach President Johnson's announced ceiling of 549,500 around the end of the year.

The Army Times, an unofficial publication aimed at the soldier audience, reports in its Nov. 13 editions that the Army plans to phase out basic combat training at Ft. Bliss, Tex., and advanced individual training at Ft. Dix, N.J.

The newspaper tied the elimination of basic training at Ft. Bliss to Army plans to cut back its weekly training load from 56 to 53 companies. A company is about 200 men.

The Bliss cutback would go into effect late this month. The phase-out of advanced individual training at Ft. Dix, the Times stated, would come in mid-December.

Dix would continue providing advanced training for guided missile men.

As part of the readjustment of the training complex, the Pentagon only a few days ago designated Ft. Polk, La., a permanent installation.

Officials said the move makes Polk, which dates back to World War II, eligible for some badly needed construction funds.

The Army has been operating 15 training centers to help meet Vietnam war needs.

Since mid-1965, when the big Vietnam buildup began in earnest, the Army has added over a half-million men to its ranks. The war effort requires 50,000 replacements per month, and other worldwide commitments demand additional forces.

In addition to Forts Dix, Bliss and Polk, the U.S. training centers include Ft. Knox and Ft. Campbell, Ky.; Ft. Jackson, S.C.; Ft. Gordon and Ft. Benning, Ga.; Ft. Leonard Wood, Mo.; Ft. Ord, Calif.; Ft. Sill, Okla.; Ft. Sam Houston, Tex. (medics); Ft. McClellan, Alabama (WAC's); Ft. Bragg, N.C.; and Ft. Lewis, Wash.

Crucible Offers Apollo Film To District Schools

"The Flight of Apollo 7" will be presented this month as an exclusive documentary in the Screen News Digest series which the Crucible Steel Corp.'s Midland Division makes available to area high schools for classroom showing.

The film will be the first of two full-length color issues planned for the 1968-69 school year and chronicles the epic journey of Walter Schirra, Donn Eisele and Walter Cunningham from lift-off to splashdown.

In addition to an historic and comprehensive study of the Apollo 7 mission, the documentary also reviews past American conquests in space, including the flight of John Glenn in Friendship 7 and the "walk in space" by Edward White.

Because of special technical requirements in producing and distributing this film, shipment to area schools will be delayed by approximately one week to 10 days. The film will still reach schools in record time for national distribution of any color documentary on any space flight in history.

The films are available to all schools, public and parocrial, in the Midland, East Liverpool and Beaver areas and may be obtained for showing by contacting East Liverpool School Supt. Paul Blair or the Beaver County Instructional Materials Center at Monaca.

Blue Cross Plans Pre-Payment Of Dental Care Cost

CLEVELAND, Ohio (AP) — Blue Cross of Northeast Ohio is working on plans for a program to provide pre-payment of dental care costs similar to one scheduled to start in New York next spring.

Executive Vice President Vernon R. Burt said Monday night that Blue Cross is planning such a program for northeastern Ohio but "we are not as far advanced with our programming and planning as they are in New York."

"But there will come a time when Blue Cross and Blue Shield will be offering something like one of their programs," Burt added.

The basic contract in New York will include payment for diagnosis and operations, as well as routine dental treatment. All licensed dentists will be eligible to participate and they will be paid directly by Blue Cross and Blue Shield.

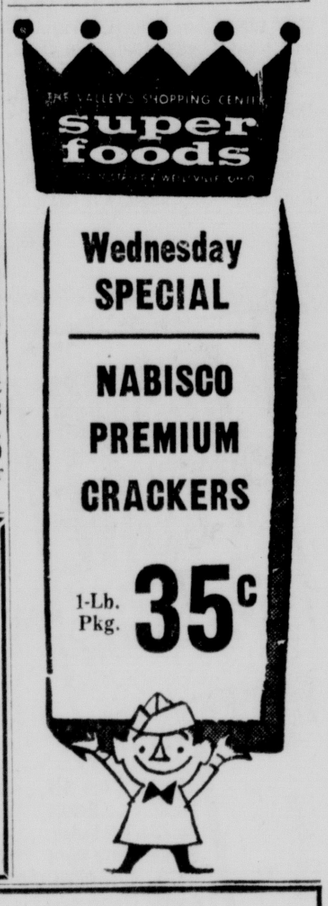

Burt said that Blue Cross of Northeast Ohio has been in contact with the Ohio State Dental Association and the Ohio State Dental Care Corp. regarding such a program.

4 Chapters Convene Here

Preservation Of Records Urged At DAR's Meeting

Mrs. R. Warren Scott, recording secretary of the Ohio Society of the Daughters of the American Revolution, discussed "Preservation of Genealogical Records" during the county-wide meeting of four chapters Saturday afternoon.

Mrs. Clarence G. Green, regent of Bethia Southwick chapter of Wellsville, was in charge of arrangements for the meeting in Mary Patterson Memorial Home here. She was assisted by Mrs. Gladys Rose.

—:—

MRS. SCOTT urged preservation of gravestone inscriptions, church and court records and family history. A question-and-answer period followed.

During her chairmanship of the state genealogical committee of Ohio, 5,728 pages of records in bound volumes and three reels of microfilm representing 1,913 pages were contributed to the National Society Daughters of American Revolution library in Washington.

Mrs. Green presided and opened the meeting according to ritual. Mrs. Kathleen Ball, chaplain, led devotions, with "Thanksgiving" the theme.

Mrs. Robert S. Dunn, regent of Phoebe Fraunces chapter of Salem, led the pledge of allegiance. The group recited the Americans Creed and Mrs. John Blocksom, regent of Lewis Kinney chapter of Lisbon, led the singing of the "Star Spangled Banner" and presented a musical selection.

"Nuclear Weapons" was the theme of a report on national defense given by Mrs. R. L. Cawood of Rebecca Griscom chapter of East Liverpool. Mrs. Rose, regent of Rebecca Griscom chapter, welcomed Mrs. Mildred Smith as a new member of her chapter and recognized Mrs. Nina B. Foulks for her recent article in the national DAR magazine.

—:—

EACH REGENT gave brief remarks. Mrs. Green introduced the speaker and Mrs. Gayle Boyde of Rochester, a member of the Ft. McIntosh chapter of Beaver, who spoke briefly. Mrs. Ethel Webb of the Mary Patterson Home was also a guest.

The tea table, laid with a gold cloth, was centered with a harvest arrangement of sorghum, Indian corn, strawberry popcorn, red cabbage, squash, apples, grapes and autumn leaves. The setting was completed with gold candles in brass holders.

Mrs. Rose and Mrs. Donald E. Wolfe, vice regent of Bethia Southwick chapter, presided at the tea services. Assisting were Mrs. Helen Wilson, Mrs. Carolyn Vogel, Mrs. Janet Moore and Mrs. Isabel Hart. Some 40 attended. Mr. and Mrs. Scott were guests of Mrs. Rose at luncheon.

Bethia Southwick chapter will hold its dinner Dec. 13 at Holcomb's Tea Room in Wellsville. A Christmas party and gift exchange will follow at the home of Mrs. Isabel Hart of Clark Ave.

Veterans' Event Attracts 125 At East Palestine

EAST PALESTINE — Some 125 attended a 50th anniversary Veterans Day program of American Legion Post 31 Monday night at which Fr. Martin Matulik of Our Lady of Lourdes Catholic Church was speaker.

"Christianity and patriotism go hand in hand," he said, "one being the respect for fellow man and the other being respect for the nation and its institutions."

A certificate of appreciation and a life membership were presented to Charles Boren of 436 E. Main St., currently finance officer and former past commander and past county commander who is completing 25 years service to the post.

Solicitor At Wooster Nominated For Judge

WOOSTER, Ohio (AP) — The Wayne County Republican executive Committee has nominated Edward K. Eberhart, city solicitor for two years, as judge of the Wooster Municipal Court to fill the unexpired term of Judge William G. Sharo Jr. He will be succeeded as solicitor by John C. Veney, a recent graduate of the Ohio State University College of Law.

Sharp, a Republican, was elected a Wayne County Common Pleas Court judge last Tuesday. Gov. James A. Rhodes is expected to announce Eberhardt's appointment soon.

To Former Garfield Building

Center Completes Move

MISS JEANNETTE BELL, outreach worker, looks over some projects of Day Care children. She is assisting Mrs. Norman Scott, superviser and nurse.

The Community Resource Center in East End has completed its move from 514 Mulberry St. to the former Garfield School at 940 Pennsylvania Ave., Mrs. Bea Henderson, director, has announced.

It began Oct. 17 when a truck and driver, donated by the Wallover Oil Co., began transferring the center's equipment. The final touches — painting and cleaning for teen activities — are just now being made.

—:—

FACILITIES available at the center include "Head Start" classes for pre-schoolers, a Day Care Center for younger children with working mothers, a Homemakers' group, study rooms and a circulating library for students and vocational training for youth and adults.

Shorthand, typing, merchandising and the use of store equipment are some of the subjects available. Stress s placed on job training, counseling and placement while working in conjunction with the local state employment office, Mrs. Henderson said.

Plans also are being completed for a youth center for weekend activities, she noted. Arts and crafts are taught now in the center, along with vocal and piano lessons. Several students at the Kent State Academic Center have volunteered to assist in remedial reading, Mrs. Henderson said.

She reminded residents that a county welfare case worker is at the center every Tuesday morning for consultations. Clothing is distributed to any county resident free of charge, she said.

A Camp Fire Girls group meets Mondays in the center under the leadership of Mrs. Mae Abbott. Other groups are invited to hold their meetings in the building, Mrs. Henderson said.

—:—

THE BACK area of the building is the only part in use at the present time, due to the expense involved in the upkeep of the entire structure. Office space has been constructed by the Rev. E. H. Harris from materials donated by the Potters Lumber Co., the Adkins Lumber Co. and Spagnol's Lumber Co. and paints and other supplies from the Kerr Lumber Co. The Kent St. entrance is being used as the main entrance.

Sewing lessons will be made available soon, the director noted.

The staff includes Mrs. Jeannette Kimbrew, office clerk; Mrs. Norman Scott, nurse; Mrs. Lucy Jackson, maintenance supervisor, and Miss Jeannette Bell, outreach worker.

Mrs. Henderson reminded residents that a pre-Christmas bazaar will be held Dec. 3 by the Homemakers Group, with proceeds for center projects.

The next total eclipse of the sun that will be visible anywhere in the United States will be on March 7, 1970 — visible from Florida.

As Buildup In Viet Nears Ceiling

Army Set To Scale Down Big U.S. Training Bases

WASHINGTON (AP) — The Army appears ready to begin scaling down its huge training bases in the United States as the American buildup in Vietnam nears the 549,500-man ceiling.

The Pentagon acknowledges considering cutbacks in some training centers, but says no decision has been reached.

A reduction in training output will be possible as the Army ceases sending new units to Vietnam and concentrates for the most part on providing replacements for men winding up two and three-year tours.

The Vietnam manpower level, now at approximately 535,000 men, is expected to reach President Johnson's announced ceiling of 549,500 around the end of the year.

The Army Times, an unofficial publication aimed at the soldier audience, reports in its Nov. 13 editions that the Army plans to phase out basic combat training at Ft. Bliss, Tex., and advanced individual training at Ft. Dix, N.J.

The newspaper tied the elimination of basic training at Ft. Bliss to Army plans to cut back its weekly training load from 56 to 53 companies. A company is about 200 men.

The Bliss cutback would go into effect late this month. The phase-out of advanced individual training at Ft. Dix, the Times stated, would come in mid-December.

Dix would continue providing advanced training for guided missile men.

As part of the readjustment of the training complex, the Pentagon only a few days ago designated Ft. Polk, La., a permanent installation.

Officials said the move makes Polk, which dates back to World War II, eligible for some badly needed construction funds.

The Army has been operating 15 training centers to help meet Vietnam war needs.

Since mid-1965, when the big Vietnam buildup began in earnest, the Army has added over a half-million men to its ranks. The war effort requires 50,000 replacements per month, and other worldwide commitments demand additional forces.

In addition to Forts Dix, Bliss and Polk, the U.S. training centers include Ft. Knox and Ft. Campbell, Ky.; Ft. Jackson, S.C.; Ft. Gordon and Ft. Benning, Ga.; Ft. Leonard Wood, Mo.; Ft. Ord, Calif.; Ft. Sill, Okla.; Ft. Sam Houston, Tex. (medics); Ft. McClellan, Alabama (WAC's); Ft. Bragg, N.C.; and Ft. Lewis, Wash.

Upper Arlington Repeats As Mythical 'AA' State Champ

Sports Whirled

By TURK PIERCE
Review Sports Editor

There are 54 players in the Pro Football Hall of Fame at Canton, and 48 colleges can claim at least one player.

Five members attended two different colleges. Joe Guyon went to the Carlisle (Pa.) Indian School and then Georgia Tech, Cal Hubbard, also widely known as an American League umpire, attended Centenary, La., and then Geneva; Elroy (Crazy Legs) Hirsch played both at Wisconsin and Michigan; Art Rooney, owner of the Pittsburgh Steelers, attended Georgetown and Duquesne, and Emlen Tunnell played at Toledo and Iowa.

Notre Dame and Illinois lead with three players each in the Hall. Curly Lambeau, Wayne Millner and George Trafton played at Notre Dame and Red Grange, George (Papa Bear) Halas and Shorty Ray played at Illinois.

COLLEGES claiming two members are Carlisle, Georgetown, Nebraska, Northwestern and Penn. The Big 10 leads all conferences with eight members.

But the players were enshrined not for their college performances, but for their playing, coaching or organizing in the pros. A look at the roster brings back plenty of memories, especially for older followers of pro football.

Cliff Battles from little West Virginia Wesleyan became one of the top runners in the pro game with the Redskins in the 1930s. Sammy Baugh of TCU is considered by many to be the top pro quarterback of all-time. He also played with the Redskins, lasting 16 seasons.

Chuck Bednarik, who played at Penn when the Quakers were big time, spent 14 years with the Eagles and was one of the last of the two-way players in the pros. Bert Bell, another Penn grad, as commissioner of the NFL from 1946-59 did more than anyone else to bring pro football to the giant business it is today. Paul Brown of Miami of Ohio needs no introduction to Cleveland Browns fans.

BULLET BILL Dudley of Virginia was an exciting Steeler runner in the 1940's. Otto Graham of Northwestern was on of the all-time great quarterbacks with the Browns. Grange was one of the top runners the game ever had and brought pro football up from the sandlot level. Halas coached the Bears off and on for 45 years and was one of the organizers of the NFL. Mel Hein of Washington State played 15 years as a center for the Giants.

Toronto's Clarke Hinkle, who played at Bucknell, was an outstanding runner for Green Bay in the 1930s. Hirsch was an exciting end for the Los Angeles Rams. Don Hutson of Alabama set numerous receiving records with the Packers. Lambeau is responsible, as a player, coach and organizer, for a franchise in Green Bay.

The irrepressible Cobby Layne from Texas was an outstanding quarterback, and Sid Luckman of Columbia was another great signal- caller. Tim Mara of the Giants and George Preston Marshall of Randolph-Macon were two of the longtime owners in the NFL. Marion Motley of Nevada, Bronko Nagurski of Minnesota and Ernie Nevers of Stanford were three fantastic fullbacks. Steve Van Buren of LSU was one of the top runners in the games history with the Eagles.

And there are others. The Hall of Fame, which was organized only in 1963, has skimmed the cream off the top pro football's greats for membership.

Newark Catholic Grabs 'A' Crown

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Powerful Upper Arlington, which has lost only one game in the last five years, owns the mythical state high school football championship for the second straight season.

Coach Marv Moorehead's awesome Golden Bears captured the Class AA crown in the final Associated Press poll of the 1968 campaign.

The Bears collected 182 points from the sports writers and sportscasters who vote in the poll to shade Mentor by 32 points. Both clubs sport perfect 10-0 records and Arlington has won 48 of its last 49.

"I'm thrilled, needless to say," Moorehead said when he heard the news. "It's nice to know other people think we're the best in the state. We have a great bunch of kids."

Arlington, which barely lost the title in 1966 when it bowed to Columbus Waterson in the final game, now has racked up two straight 10-0 seasons. Watterson rode to the top of the heap after whipping the Bears.

Arlington and Mentor, which ran 1-2 the entire season, collide in the 1969 opener in Columbus.

In the small school rankings, unbeaten Newark Catholic nipped Norwalk St. Paul for Class A honors by a scant six points. Both clubs are 10-0.

In Class AA, Canton McKinley, which lost only to Niles McKinley, moved up to third place after demolishing Massillon 26-6.

Elyria, 10-0, was fourth followed by Struthers 9 - 0; Warren Western Reserve 9-1;, Shelby 10-0; Cleveland St. Joseph 10-0; Cincinnati St. Xavier 9-0-1, and Warren Harding 8-2.

Newark Catholic, which has wiped out 23 straight foes, finished impressively by routing AA Miami Trace 67-0, while St. Paul whipped Plymouth 28 - 6. The Catholic Green Wave of Coach Matt Midea finished fourth in last year's rankings and Norwalk was eighth.

Cory-Rawson, which did not surrender a single point in a 9-0 campaign, was third on 131 points, 20 behind Newark.

West Musgingum, 10 - 0, was fourth on 125 points followed by The Plains 9-0; Newcomerstown 9-0-1; Portsmouth Notre Dame 8-1 and last year's champ; Covington 10-0; Brilliant 10-0; and McDonald 9-0.

The last two teams crashed into the elite circle for the first time as Lorain St. Mary and Mogadore, both beaten last weekend, dropped out.

Trojans Widen Lead Over Bucks

By The Associated Press

The pressure will be doubled this weekend for Southern California's top-ranked Trojans. Not only do they face Oregon State, only team to beat them in the last two seasons, but they're still No. 1 in The Associated Press' college football poll.

"That's the biggest pressure," Coach John McKay admitted Monday. "Our opponents come in and that's all they're chanting—Kill No. 1."

The Trojans not only remained No. 1, they strengthened their hold on the top spot with a 35-17 trouncing of California. The defending national champs garnered 32 first-place ballots and 908 points in the voting by 47 sports writers and broadcasters across the nation.

Ohio State was second with 14 first-place votes and 864 points, but the Buckeyes slipped from 13 to 44 points behind despite a 43-8 rout of Wisconsin.

The other first-place ballot went to Penn State, which climbed from fourth to third by trimming Miami, Fla., 22-7. The top three teams all have 7-0 records.

Michigan, Georgia and Missouri all moved up after posting easy victories. Michigan rose from seventh to fourth by trouncing Illinois 36-0, Georgia blasted Florida 51-0 and jumped from ninth to fifth and Missouri was up two places to sixth in the wake of a 42-7 walloping of Iowa State.

Kansas, a 27-23 loser to Oklahoma, fell from the unbeaten ranks and from third to seventh in the poll. Texas ripped Baylor 47-26 and moved from 10th to eighth. Notre Dame climbed from 12th to ninth by walloping Pitt 56-7 and Arkansas' 46-21 bombing of Rice sent the Razorbacks from 14th to 10th.

The Second Ten consisted of Tennessee, Auburn, Oregon State, Houston, Purdue, Alabama, Ohio University, California, Indiana and Wyoming. Alabama and Indiana were the only newcomers to the weekly Top Twenty, replacing Michigan State and Louisiana State. Alabama beat LSU 16-7 while Indiana nipped Michigan State 24-22.

Green Calls Kelly Better Than Brown

CLEVELAND, Ohio (AP) — Fullback Ernie Green of the Cleveland Browns says he thinks Leroy Kelly, his backfield running mate, is a better all around player that Jim Brown "because he does so many things."

Green, who took over at fullback when Brown retired before the 1966 season, made the remark Monday in answer to a question at a luncheon at the Charter House.

Heaping high praise on Kelly, who had one of his better days in the 35-17 victory over the New Orleans Saints Sunday, Green said:

"He's a great ball carrier. He can catch the ball and is a good blocker.

"Leroy can throw the ball well and even plays on the specialty teams. He's also a good team man."

Green said that because of these things he thinks Kelly is more valuable than Brown.

The Browns' co-captain also said he did no further damage to his knee in the New Orleans game. He suffered a knee injury in the first game of the exhibition season and was sidelined until the contest with the Baltimore Colts Oct. 20, which the Browns won, 30-20, to start a four-game winning streak.

If Green doesn't have any further problems this week in practice he probably will start against the Steelers in Pittsburg next Sunday. Charley Harraway, who had one of his best days as a pro against the Saints, also is likely to see considerable action.

Joe Gordon, who will manage the Kansas City Royals in 1969, formerly managed the Kansas City Athletics, Cleveland Indians and Detroit Tigers.

E. Liverpool Will Host Cage Preview

East Liverpool will host the southern division of the Big 8 in a basketball preview Nov. 23 at the new high school.

The program will start with Steubenville meeting Salem. East Liverpool will clash with Alliance, and after the intermission Steubenville will meet Alliance and East Liverpool will play Salem. Each game is eight minutes long. Admission is $1 for adults and $.50 for students.

The northern Big 8 teams, Warren Harding, Warren Western Reserve, Niles and Barberton, will have their preview Nov. 22 at Warren Western Reserve.

Penn St. 11 Reported Set For Orange

MIAMI, Fla. (AP) — Unbeaten Penn State and either Auburn or Georgia are expected to clash in the Orange Bowl at Miami New Year's night.

Officially, the Orange Bowl Committee can't invite teams until Nov. 18 but reliable sources indicate that a gentleman's agreement was reached at State College last Saturday after Penn State whipped Miami 22-7 for victory No. 7.

Jack Baldwin, chairman of the Bowl Selection Committee, admitted that an invitation to the Auburn-Georgia winner Saturday is "certainly a possibility."

U.S. Netters Beat India In Davis Cup

SAN JUAN, P.R. (AP) — "I think," said Arthur Ashe confidently, "we will win."

And from the way the 25-year-old Army lieutenant from Richmond, Va., and his teammates manhandled India in the Davis Cup interzone final here, Ashe's prediction might come true when the United States takes its challenge to Australia next month.

The United States won four of the best-of-5 match series with the strong Indian team to advance to the showdown Dec. 26-28 in Adelaide against the defending champions for amateur tennis' most prized possession.

Australia has won the Cup 11 of the last 13 years. It lost it to the Americans in 1963 but won it back the next year.

Ashe, the first Negro ever to win a major tennis title, led the United States into the Davis Cup Challenge Round for the first time since 1964 with a 6-1, 6-3, 6-3 coast past Ramathan Krishnan Monday.

That gave the Americans a 3-1 lead in the series and made the day's second match between Clark Graebner of New York and India's Premjit Lall little more than an exhibition.

Nonetheless, Graebner needed three hours and 20 minutes to dispose of his spunky foe, 9-11, 9-7, 7-5, 6-4.

Ashe had turned back Lall in one of Saturday's singles, but Krishnan had whipped Graebner. Stan Smith and Bob Lutz of Los Angeles teamed for a doubles victory Sunday to give the United States the 2-1 lead heading into the final two matches.

But Ashe quickly removed any doubt, completely dominating the experienced Indian, who appeared tired from the two previous matches. The match was played in 87-degree temperature.

Hustling Celtics Beat San Diego Rockets, Hayes

BOSTON (AP) — The expected duel between rookie sensation Elvin Hayes of San Diego and Boston Player-Coach Bill Russell failed to materialize. The Celtics were just too much for the Rockets.

"I don't think it was a fair test," San Diego Coach Jack McMahon said after the Celtics romped to a 134-113 National Basketball Association victory Monday night in the first meeting of Hayes and Russell.

"This game was not determined by Russell or Hayes," McMahon added. "It was determined by the hustle of the Celtics."

The Celtics built a 69-40 lead in the first half and breezed the rest of the way.

The Philadelphia 76ers belted Seattle 127-117 as Hal Greer scored 34 points and Billy Cunningham 30 in the opener of the doubleheader at Boston Garden.

Hayes, the 6-foot-9½ former Houston star who was the No. 1 choice in the NBA draft, was given a rest two minutes after Russell retired to the bench early in the third period.

Later, they took turns complimenting each other.

"He's tough," Hayes said of Russell. "You don't go in on Russell."

"He's good," Russell said. "He would have smoked me if he got the ball."

Hayes finished with 17 points, about 10 below his average, and 11 rebounds. Russell, a 13-year veteran, had eight points and 10 rebounds. Hayes was 7-for-19 from the floor, Russell 3-for-6.

John Havlicek led the Celtics with 29 points, including 16 in the first half. San Diego's Don Kojis matched Havlicek's 29 points.

In the only game on the American Basketball Association schedule the Oakland Oaks trimmed the New Orleans Buccaneers 136-127 in overtime, with 6-foot-11 Jim Eakins scoring 32 points and Rick Barry hitting for 31.

Barry's three-point play with four second remaining in regulation play tied the game 122-122 and set up the Oaks' overtime blitz.

New Orleans' Steve Jones was the game's high scorer with 34 points.

Upper Arlington Repeats As Mythical 'AA' State Champ

Sports Whirled

By TURK PIERCE
Review Sports Editor

There are 54 players in the Pro Football Hall of Fame at Canton, and 48 colleges can claim at least one player.

Five members attended two different colleges. Joe Guyon went to the Carlisle (Pa.) Indian School and then Georgia Tech, Cal Hubbard, also widely known as an American League umpire, attended Centenary, La., and then Geneva; Elroy (Crazy Legs) Hirsch played both at Wisconsin and Michigan; Art Rooney, owner of the Pittsburgh Steelers, attended Georgetown and Duquesne, and Emlen Tunnell played at Toledo and Iowa.

Notre Dame and Illinois lead with three players each in the Hall. Curly Lambeau, Wayne Millner and George Trafton played at Notre Dame and Red Grange, George (Papa Bear) Halas and Shorty Ray played at Illinois.

COLLEGES claiming two members are Carlisle, Georgetown, Nebraska, Northwestern and Penn. The Big 10 leads all conferences with eight members.

But the players were enshrined not for their college performances, but for their playing, coaching or organizing in the pros. A look at the roster brings back plenty of memories, especially for older followers of pro football.

Cliff Battles from little West Virginia Wesleyan became one of the top runners in the pro game with the Redskins in the 1930s. Sammy Baugh of TCU is considered by many to be the top pro quarterback of all-time. He also played with the Redskins, lasting 16 seasons.

Chuck Bednarik, who played at Penn when the Quakers were big time, spent 14 years with the Eagles and was one of the last of the two-way players in the pros. Bert Bell, another Penn grad, as commissioner of the NFL from 1946-59 did more than anyone else to bring pro football to the giant business it is today. Paul Brown of Miami of Ohio needs no introduction to Cleveland Browns fans.

BULLET BILL Dudley of Virginia was an exciting Steeler runner in the 1940's. Otto Graham of Northwestern was on of the all-time great quarterbacks with the Browns. Grange was one of the top runners the game ever had and brought pro football up from the sandlot level. Halas coached the Bears off and on for 45 years and was one of the organizers of the NFL. Mel Hein of Washington State played 15 years as a center for the Giants.

Toronto's Clarke Hinkle, who played at Bucknell, was an outstanding runner for Green Bay in the 1930s. Hirsch was an exciting end for the Los Angeles Rams. Don Hutson of Alabama set numerous receiving records with the Packers. Lambeau is responsible, as a player, coach and organizer, for a franchise in Green Bay.

The irrepressible Cobby Layne from Texas was an outstanding quarterback, and Sid Luckman of Columbia was another great signal- caller. Tim Mara of the Giants and George Preston Marshall of Randolph-Macon were two of the longtime owners in the NFL. Marion Motley of Nevada, Bronko Nagurski of Minnesota and Ernie Nevers of Stanford were three fantastic fullbacks. Steve Van Buren of LSU was one of the top runners in the games history with the Eagles.

And there are others. The Hall of Fame, which was organized only in 1963, has skimmed the cream off the top pro football's greats for membership.

Newark Catholic Grabs 'A' Crown

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Powerful Upper Arlington, which has lost only one game in the last five years, owns the mythical state high school football championship for the second straight season.

Coach Marv Moorehead's awesome Golden Bears captured the Class AA crown in the final Associated Press poll of the 1968 campaign.

The Bears collected 182 points from the sports writers and sportscasters who vote in the poll to shade Mentor by 32 points. Both clubs sport perfect 10-0 records and Arlington has won 48 of its last 49.

"I'm thrilled, needless to say," Moorehead said when he heard the news. "It's nice to know other people think we're the best in the state. We have a great bunch of kids."

Arlington, which barely lost the title in 1966 when it bowed to Columbus Waterson in the final game, now has racked up two straight 10-0 seasons. Watterson rode to the top of the heap after whipping the Bears.

Arlington and Mentor, which ran 1-2 the entire season, collide in the 1969 opener in Columbus.

In the small school rankings, unbeaten Newark Catholic nipped Norwalk St. Paul for Class A honors by a scant six points. Both clubs are 10-0.

In Class AA, Canton McKinley, which lost only to Niles McKinley, moved up to third place after demolishing Massillon 26-6.

Elyria, 10-0, was fourth followed by Struthers 9 - 0; Warren Western Reserve 9-1;, Shelby 10-0; Cleveland St. Joseph 10-0; Cincinnati St. Xavier 9-0-1, and Warren Harding 8-2.

Newark Catholic, which has wiped out 23 straight foes, finished impressively by routing AA Miami Trace 67-0, while St. Paul whipped Plymouth 28 - 6. The Catholic Green Wave of Coach Matt Midea finished fourth in last year's rankings and Norwalk was eighth.

Cory-Rawson, which did not surrender a single point in a 9-0 campaign, was third on 131 points, 20 behind Newark.

West Musgingum, 10 - 0, was fourth on 125 points followed by The Plains 9-0; Newcomerstown 9-0-1; Portsmouth Notre Dame 8-1 and last year's champ; Covington 10-0; Brilliant 10-0; and McDonald 9-0.

The last two teams crashed into the elite circle for the first time as Lorain St. Mary and Mogadore, both beaten last weekend, dropped out.

Trojans Widen Lead Over Bucks

By The Associated Press

The pressure will be doubled this weekend for Southern California's top-ranked Trojans. Not only do they face Oregon State, only team to beat them in the last two seasons, but they're still No. 1 in The Associated Press' college football poll.

"That's the biggest pressure," Coach John McKay admitted Monday. "Our opponents come in and that's all they're chanting—Kill No. 1."

The Trojans not only remained No. 1, they strengthened their hold on the top spot with a 35-17 trouncing of California. The defending national champs garnered 32 first-place ballots and 908 points in the voting by 47 sports writers and broadcasters across the nation.

Ohio State was second with 14 first-place votes and 864 points, but the Buckeyes slipped from 13 to 44 points behind despite a 43-8 rout of Wisconsin.

The other first-place ballot went to Penn State, which climbed from fourth to third by trimming Miami, Fla., 22-7. The top three teams all have 7-0 records.

Michigan, Georgia and Missouri all moved up after posting easy victories. Michigan rose from seventh to fourth by trouncing Illinois 36-0, Georgia blasted Florida 51-0 and jumped from ninth to fifth and Missouri was up two places to sixth in the wake of a 42-7 walloping of Iowa State.

Kansas, a 27-23 loser to Oklahoma, fell from the unbeaten ranks and from third to seventh in the poll. Texas ripped Baylor 47-26 and moved from 10th to eighth. Notre Dame climbed from 12th to ninth by walloping Pitt 56-7 and Arkansas' 46-21 bombing of Rice sent the Razorbacks from 14th to 10th.

The Second Ten consisted of Tennessee, Auburn, Oregon State, Houston, Purdue, Alabama, Ohio University, California, Indiana and Wyoming. Alabama and Indiana were the only newcomers to the weekly Top Twenty, replacing Michigan State and Louisiana State. Alabama beat LSU 16-7 while Indiana nipped Michigan State 24-22.

Green Calls Kelly Better Than Brown

CLEVELAND, Ohio (AP) — Fullback Ernie Green of the Cleveland Browns says he thinks Leroy Kelly, his backfield running mate, is a better all around player that Jim Brown "because he does so many things."

Green, who took over at fullback when Brown retired before the 1966 season, made the remark Monday in answer to a question at a luncheon at the Charter House.

Heaping high praise on Kelly, who had one of his better days in the 35-17 victory over the New Orleans Saints Sunday, Green said:

"He's a great ball carrier. He can catch the ball and is a good blocker.

"Leroy can throw the ball well and even plays on the specialty teams. He's also a good team man."

Green said that because of these things he thinks Kelly is more valuable than Brown.

The Browns' co-captain also said he did no further damage to his knee in the New Orleans game. He suffered a knee injury in the first game of the exhibition season and was sidelined until the contest with the Baltimore Colts Oct. 20, which the Browns won, 30-20, to start a four-game winning streak.

If Green doesn't have any further problems this week in practice he probably will start against the Steelers in Pittsburg next Sunday. Charley Harraway, who had one of his best days as a pro against the Saints, also is likely to see considerable action.

Joe Gordon, who will manage the Kansas City Royals in 1969, formerly managed the Kansas City Athletics, Cleveland Indians and Detroit Tigers.

Penn St. 11 Reported Set For Orange

MIAMI, Fla. (AP) — Unbeaten Penn State and either Auburn or Georgia are expected to clash in the Orange Bowl at Miami New Year's night.

Officially, the Orange Bowl Committee can't invite teams until Nov. 18 but reliable sources indicate that a gentleman's agreement was reached at State College last Saturday after Penn State whipped Miami 22-7 for victory No. 7.

Jack Baldwin, chairman of the Bowl Selection Committee, admitted that an invitation to the Auburn-Georgia winner Saturday is "certainly a possibility."

U.S. Netters Beat India In Davis Cup

SAN JUAN, P.R. (AP) — "I think," said Arthur Ashe confidently, "we will win."

And from the way the 25-year-old Army lieutenant from Richmond, Va., and his teammates manhandled India in the Davis Cup interzone final here, Ashe's prediction might come true when the United States takes its challenge to Australia next month.

The United States won four of the best-of-5 match series with the strong Indian team to advance to the showdown Dec. 26-28 in Adelaide against the defending champions for amateur tennis' most prized possession.

Australia has won the Cup 11 of the last 13 years. It lost it to the Americans in 1963 but won it back the next year.

Ashe, the first Negro ever to win a major tennis title, led the United States into the Davis Cup Challenge Round for the first time since 1964 with a 6-1, 6-3, 6-3 coast past Ramathan Krishnan Monday.

That gave the Americans a 3-1 lead in the series and made the day's second match between Clark Graebner of New York and India's Premjit Lall little more than an exhibition.

Nonetheless, Graebner needed three hours and 20 minutes to dispose of his spunky foe, 9-11, 9-7, 7-5, 6-4.

Ashe had turned back Lall in one of Saturday's singles, but Krishnan had whipped Graebner. Stan Smith and Bob Lutz of Los Angeles teamed for a doubles victory Sunday to give the United States the 2-1 lead heading into the final two matches.

But Ashe quickly removed any doubt, completely dominating the experienced Indian, who appeared tired from the two previous matches. The match was played in 87-degree temperature.

All NFL Divisions Tight

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The way things are going in the National Football League, the four division races may not be decided until the final weekend of the season, Dec. 14-15.

Baltimore and Los Angeles are tied at 8-1 in the Coastal Division and appear headed for another head-to-head confrontation at Los Angeles on the last day of the season, Dec. 15.

Cleveland, 6-3, has a half-game edge on St. Louis, 5-3-1, in the Century Division where both the Browns and Cardinals are moving toward a climactic meeting at St. Louis, Saturday, Dec. 14.

Dallas, 7-2, had its Capitol Division lead sliced to one game when it was upset by New York, 6-3. The Cowboys and Giants wind up at Yankee Stadium Dec. 15.

In the scrambled Central Division, Chicago and Minnesota are tied at 5-4 but both Detroit and Green Bay, 3-5-1, still are in the race. This could shake down to a Dec. 15 visit of Green Bay to Chicago.

Each team has five games to play. Here's the way it shapes up by divisions:

Coastal

Baltimore—St. Louis, Minnesota, Atlanta, at Green Bay, at Los Angeles.

Los Angeles—At San Francisco, New York, at Minnesota, Chicago, Baltimore.

The Colts wind up with two real rough road games and also must deal with a desperate St. Louis team and the wheed-up Vikings as well as Atlanta.

The Rams will need all their muscle at San Francisco and Minnesota and even the Giants look tougher after upending Dallas. The Bears and Colts provide the final test.

Cleveland—at Pittsburgh, Philadelphia, New York, at Washington, at St. Louis.

St. Louis—at Baltimore, Atlanta, at Pittsburgh, at New York, Cleveland.

The Browns are on a four-game win streak with weaker Pittsburgh and Philadelphia immediately ahead while Cards must visit Baltimore before getting a chance at Atlanta and Pittsburgh.

Key games for both may be New York, which Cleveland meets at home and St. Louis on the road. The Browns could have it wrapped up before that Dec. 14 game in St. Louis.

Capitol

Dallas—at Washington, at Chicago, Washington, Pittsburgh, at New York.

New York—Philadelphia, at Los Angeles, at Cleveland, St. Louis, Dallas.

The Cowboys have a good chance to apply the clincher before they ever get around to the rematch with the Giants. Dallas has two games with Washington and one with Pittsburgh sandwiched around a tough road test at Chicago.

The Giants must handle the Rams and Browns on the road and Eagles and Cards at home before thinking about Dallas.

Central

Minnesota—Detroit, at Baltimore, Los Angeles, at San Francisco, at Philadelphia.

Chicago—Atlanta, Dallas, at New Orleans, at Los Angeles, Green Bay.

In this zany race it is not safe ot leave out Green Bay and Detroit, although each is 1½ games back. After Sunday's game at Minnesota, the Lions have the easiest path—New Orleans, Philadelphia, Atlanta and Washington.

Without Gale Sayers, the Bears can have trouble in any of their last five games. The Vikings also can not afford a letup before their finale at Philadelphia.

Green Bay could move back on top in the next two weeks while playing New Orleans and Washington but then wind up with San Francisco, Baltimore and Chicago.

When they finally decide it, the Capitol winners will play at the Century champs, Dec. 21 and the Central survivor will play at the Coastal winners Dec. 22.

The league title game will be played Dec. 29 at the home field of the Eastern champ.

Fletcher Smith Accused

Bengals, Chiefs Trade Dirty Football Charges

CINCINNATI (AP) — Season play between the Kansas City Chiefs and the Cincinnati Bengals has ended, but charges and counter charges of dirty football as a result of their last encounter continued to fly between the two American Football League teams.

The Chiefs started the succession of accusations immediately after Sunday's game in Cincinnati which Kansas City took 16-9.

Bengals' Pat Matson, Fletcher Smith and Bill Kindricks came under attack of several Chiefs.

"That damn Matson," said Buck Buchanan. "I wish I'd played in front of him the whole game. There'll be another time, though."

Sitting beside Buchanan on the dressing room bench was teammate Noland Smith, nursing a swollen lip and eye. "I guess he (Fletcher Smith) was trying to hurt me," said the 154-pound Smith.

Kansas City Coach Hank Stram said what he saw on the field was in line with what his Chiefs said.

But Cincinnati Coach Paul Brown said that game films showed that if there were any roughhouse culprits—they were from the Kansas City club.

"They are the guilty people," Brown said firmly after he viewed films Monday afternoon. "And the pictures can prove it."

Of the charge that Fletcher Smith "clothes—lined" Noland Smith, he said: "He simply tackled him around the head, which is legitimate.

"The real truth is that they're just a bunch of pros who didn't want to pay much of a price to play us. They have to be laughing at us."

Kansas City pulled Sunday's game out of the fire in the closing minutes, and had defeated the Bengals earlier in the season 13-3.

Earl Monroe Leads NBA Score Race

NEW YORK (AP) — Earl Monroe, the triggerman in Baltimore's National Basketball Association resurgence, has grabbed the individual scoring lead, with Los Angeles veteran Elgin Baylor and Detroit hotshot Dave Bing in close pursuit.

Monroe's 35-point spree against San Diego over the weekend gave the second-year pro a nine-point edge over Baylor through games of Sunday night. The Baltimore backcourt man has hit for 364 points, an average of 28 per game, in leading the Bullets to a 10-3 getaway in the Eastern Division race.

Baylor, with 355 points in 12 games, and Bing, with 346 in 11, were head of Monroe's per-game pace, averaging 29.6 and 31.5 respectively, according to weekly NBA figures released today.

San Francisco's Nate Thurmond and Wilt Chamberlain of Los Angeles were 1-2 in rebounding with 21.7 and 21.2 averages in 12 starts apiece.

Bill Toomey, 29-year-old former University of Colorado athlete, is the first man to win four National AAU decathlon titles.

Rick Barry Leads ABA Point Race

MINNEAPOLIS (AP) — Rick Barry of the Oakland Oaks retains a comfortable margin in the American Basketball Association scoring race, the league said Monday.

Barry has scored 289 points in nine games for a 32.1 points per game average, about three points below his total in 1966-67 when he led the National Basketball Association with 35.6 points per game.

Kentucky's Darel Carrier and Minnesota's Connie Hawkins tightened up the scoring race with high outputs during the last week.

Carrier scored 48 points against Minnesota and 36 against New York for a 30.3 average in nine games. Hawkins boasts an average of 29.5 in six games. Hawkins won the ABA scoring title a year ago with a 26.8 average.

Mel Daniels of Indiana is well ahead in rebounding with an average of 17.1 per game. Don Freeman of Miami leads in assists with 46 of seven games.

James Jones of New Orleans has 57.5 per cent of his field goal attempts and holds the lead for shooting accuracy. Minnesota's Art Heyman has the best accuracy on three-point goal attempts—25 feet out or farther—with 71.4 per cent. He's made five of seven attempts.

New York's Bob Lloyd has been the most accurate free throw shooter through games of last Sunday, making 88.2 per cent of his charity shots.

All NFL Divisions Tight

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The way things are going in the National Football League, the four division races may not be decided until the final weekend of the season, Dec. 14-15.

Baltimore and Los Angeles are tied at 8-1 in the Coastal Division and appear headed for another head-to-head confrontation at Los Angeles on the last day of the season, Dec. 15.

Cleveland, 6-3, has a half-game edge on St. Louis, 5-3-1, in the Century Division where both the Browns and Cardinals are moving toward a climactic meeting at St. Louis, Saturday, Dec. 14.

Dallas, 7-2, had its Capitol Division lead sliced to one game when it was upset by New York, 6-3. The Cowboys and Giants wind up at Yankee Stadium Dec. 15.

In the scrambled Central Division, Chicago and Minnesota are tied at 5-4 but both Detroit and Green Bay, 3-5-1, still are in the race. This could shake down to a Dec. 15 visit of Green Bay to Chicago.

Each team has five games to play. Here's the way it shapes up by divisions:

Coastal

Baltimore—St. Louis, Minnesota, Atlanta, at Green Bay, at Los Angeles.

Los Angeles—At San Francisco, New York, at Minnesota, Chicago, Baltimore.

The Colts wind up with two real rough road games and also must deal with a desperate St. Louis team and the wheed-up Vikings as well as Atlanta.

The Rams will need all their muscle at San Francisco and Minnesota and even the Giants look tougher after upending Dallas. The Bears and Colts provide the final test.

Cleveland—at Pittsburgh, Philadelphia, New York, at Washington, at St. Louis.

St. Louis—at Baltimore, Atlanta, at Pittsburgh, at New York, Cleveland.

The Browns are on a four-game win streak with weaker Pittsburgh and Philadelphia immediately ahead while Cards must visit Baltimore before getting a chance at Atlanta and Pittsburgh.

Key games for both may be New York, which Cleveland meets at home and St. Louis on the road. The Browns could have it wrapped up before that Dec. 14 game in St. Louis.

Capitol

Dallas—at Washington, at Chicago, Washington, Pittsburgh, at New York.

New York—Philadelphia, at Los Angeles, at Cleveland, St. Louis, Dallas.

The Cowboys have a good chance to apply the clincher before they ever get around to the rematch with the Giants. Dallas has two games with Washington and one with Pittsburgh sandwiched around a tough road test at Chicago.

The Giants must handle the Rams and Browns on the road and Eagles and Cards at home before thinking about Dallas.

Central

Minnesota—Detroit, at Baltimore, Los Angeles, at San Francisco, at Philadelphia.

Chicago—Atlanta, Dallas, at New Orleans, at Los Angeles, Green Bay.

In this zany race it is not safe ot leave out Green Bay and Detroit, although each is 1½ games back. After Sunday's game at Minnesota, the Lions have the easiest path—New Orleans, Philadelphia, Atlanta and Washington.

Without Gale Sayers, the Bears can have trouble in any of their last five games. The Vikings also can not afford a letup before their finale at Philadelphia.

Green Bay could move back on top in the next two weeks while playing New Orleans and Washington but then wind up with San Francisco, Baltimore and Chicago.

When they finally decide it, the Capitol winners will play at the Century champs, Dec. 21 and the Central survivor will play at the Coastal winners Dec. 22.

The league title game will be played Dec. 29 at the home field of the Eastern champ.

E. Liverpool Top Scoring Area Team

East Liverpool, which placed six scorers in the Top 20, ended up as the highest scoring team in the area, averaging 29.8 points a game.

Southern Local, which had the individual scoring champion in Rich Rose, was next with 27.8 points a game.

Beaver Local was the top defensive team with an 8.8 yield, ahead of East Palestine, which gave up 10.8 points a game. The Bulldogs had the best record in the area with an 8-1-1 mark.

Ken DiCross scored 18 points in Leetonia's finale, but still ended 16 points short of Rose, who did all his scoring in Southern's first five games. John Weeda of Wellsville, who scored 18 points in his last game, rose from eighth to fifth on the list. Nelson (Sonny) Clark of East Liverpool was the only newcomer to the Top 10. No school but East Liverpool had more than two scorers in the Top 20.

Lisbon posted a 5-5 mark despite being outscored by an average of 21-14. The Blue Devils yielded more points than Oak Glen, which finished 0-10. The Golden Bears were worst on offense, Stanton worst on defense.

Rick Barry Leads ABA Point Race

MINNEAPOLIS (AP) — Rick Barry of the Oakland Oaks retains a comfortable margin in the American Basketball Association scoring race, the league said Monday.

Barry has scored 289 points in nine games for a 32.1 points per game average, about three points below his total in 1966-67 when he led the National Basketball Association with 35.6 points per game.

Kentucky's Darel Carrier and Minnesota's Connie Hawkins tightened up the scoring race with high outputs during the last week.

Carrier scored 48 points against Minnesota and 36 against New York for a 30.3 average in nine games. Hawkins boasts an average of 29.5 in six games. Hawkins won the ABA scoring title a year ago with a 26.8 average.

Mel Daniels of Indiana is well ahead in rebounding with an average of 17.1 per game. Don Freeman of Miami leads in assists with 46 of seven games.

James Jones of New Orleans has 57.5 per cent of his field goal attempts and holds the lead for shooting accuracy. Minnesota's Art Heyman has the best accuracy on three-point goal attempts—25 feet out or farther—with 71.4 per cent. He's made five of seven attempts.

New York's Bob Lloyd has been the most accurate free throw shooter through games of last Sunday, making 88.2 per cent of his charity shots.

U.S. Advances In World Cup Soccer Play

HAMILTON, Bermuda (AP) — It isn't often the United States wins anything in international soccer competition so you can't blame the boys for wanting to celebrate.

"Yes, we'll go out on the town and celebrate a bit," Coach Phil Woosnam said Monday after the U.S. World Cup team won its Caribbean qualifying section with a 2-0 victory over Bermuda.

Fletcher Smith Accused

Bengals, Chiefs Trade Dirty Football Charges

CINCINNATI (AP) — Season play between the Kansas City Chiefs and the Cincinnati Bengals has ended, but charges and counter charges of dirty football as a result of their last encounter continued to fly between the two American Football League teams.

The Chiefs started the succession of accusations immediately after Sunday's game in Cincinnati which Kansas City took 16-9.

Bengals' Pat Matson, Fletcher Smith and Bill Kindricks came under attack of several Chiefs.

"That damn Matson," said Buck Buchanan. "I wish I'd played in front of him the whole game. There'll be another time, though."

Sitting beside Buchanan on the dressing room bench was teammate Noland Smith, nursing a swollen lip and eye. "I guess he (Fletcher Smith) was trying to hurt me," said the 154-pound Smith.

Kansas City Coach Hank Stram said what he saw on the field was in line with what his Chiefs said.

But Cincinnati Coach Paul Brown said that game films showed that if there were any roughhouse culprits—they were from the Kansas City club.

"They are the guilty people," Brown said firmly after he viewed films Monday afternoon. "And the pictures can prove it."

Of the charge that Fletcher Smith "clothes—lined" Noland Smith, he said: "He simply tackled him around the head, which is legitimate.

"The real truth is that they're just a bunch of pros who didn't want to pay much of a price to play us. They have to be laughing at us."

Kansas City pulled Sunday's game out of the fire in the closing minutes, and had defeated the Bengals earlier in the season 13-3.

Earl Monroe Leads NBA Score Race

NEW YORK (AP) — Earl Monroe, the triggerman in Baltimore's National Basketball Association resurgence, has grabbed the individual scoring lead, with Los Angeles veteran Elgin Baylor and Detroit hotshot Dave Bing in close pursuit.

Monroe's 35-point spree against San Diego over the weekend gave the second-year pro a nine-point edge over Baylor through games of Sunday night. The Baltimore backcourt man has hit for 364 points, an average of 28 per game, in leading the Bullets to a 10-3 getaway in the Eastern Division race.

Baylor, with 355 points in 12 games, and Bing, with 346 in 11, were head of Monroe's per-game pace, averaging 29.6 and 31.5 respectively, according to weekly NBA figures released today.

San Francisco's Nate Thurmond and Wilt Chamberlain of Los Angeles were 1-2 in rebounding with 21.7 and 21.2 averages in 12 starts apiece.

Bill Toomey, 29-year-old former University of Colorado athlete, is the first man to win four National AAU decathlon titles.

HINTS FROM HELOISE

The Weary Housewives

DEAR HELOISE: You're always helping us get through the day — but what about "when day is done"?

Heloise

Since you never say much about AFTER five o'clock the housewives in our neighborhood decided to tell you how we spend our "leisurely" evenings.

Like, five o'clock: Work still not done. Washing machine has two loads to go. Hamburger not thawed. Haven't reached the middle of the ironing basket, much less the bottom. Teenagers' transistors are blaring three different programs. Books thrown on the coffee table, sweaters across the chairs, lunch box on the sofa.

Husband comes home. Doesn't add anything to our day because he's grouchy, wants to know where supper is and why the paper is torn up. And why didn't we change the baby 'cause he's wet (we just did 30 minutes before). He plops in a chair, takes off his shoes, throws them under the footstool and demands that we keep the kids quiet...

And while we're trying to get supper, the little ones come to mother (not daddy) with, "Mother, how do you do this...?" And what mother can give a sensible or logical answer while she's worried about the hamburger burning, and whether she will have time to fix daughter's dress for that school program.

After supper, there are dishes to do, kids to be bathed while you settle all of the fights. There's the garbage to take out, kitchen floor to mop, ashtrays emptied, school clothes to be ironed, etc.

How we long to settle down in the living room with the new magazine that came in the mail.

No wonder we wives get disgusted. It's too bad husbands can't take one look at a wife and see what she's been through.

We feel that no one notices anything at all that we've accomplished during the day, much less appreciates it. And that's why we hope fervently that if there is a reincarnation, that next time we'll be a man!

Anyhow, now that we've aired our complaints, we're feeling better — much better — and thanks from the bottom of our hearts for listening.

WEARY WIVES.

DEAR MOTHERS: It all sounds so familiar I can't help chuckling. I know the feeling: hoping you would be able to get everything done, yet knowing that most of it will never be finished.

That's just life...but somehow when we share our problems they seem easier. You want to run home and hug all those little ones and apologize for pinching their heads off that morning.

We all go through the same thing. When these problems pile up, they seem larger-than-life and we feel so put upon...

Just keep on reminding yourself that you are not alone in these problems and that getting everything done is not nearly as important as keeping a sense of humor...and making your home a happy place even if it isn't absolutely spic and span.

Remember, gals, that housework is a part of your job of being a lovely and loving homemaker — but only ONE part.

Just learn the short cuts and do the best you can.

HELOISE.

LETTER OF LAUGHTER

DEAR HELOISE: Here's an easy way to tell when the floor needs mopping:

Just try going barefoot while you do your work. Those sticky places can't hide from bare feet!

READER.

DEAR HELOISE: Our teenage son got the "poster" craze about the time we had his room redecorated.

So we let him put up his posters in the children's bathroom.

Now it's papered with celebrities and darling-looking.

S.H.C.

-:-

DEAR HELOISE: My small plastic wastebasket kept falling over because of its light weight.

So I put some sand in a plastic bag, closed it with a bread wire and put it in the bottom of the wastebasket. Presto, no more spilled contents.

MRS. S.O.G.

Group Claims It Never Intended To Burn Puppy

CINCINNATI (AP)—An anti-war group who announced they would burn a live puppy on Veterans Day in protest of the war in Vietnam said they never intended to carry through with the symbolic demonstration.

However deceptive the announcement might have been, the group, known as the Ad Hoc Committee to Bring War Atrocities Home, said it was a success because it brewed a storm of opposition.

Joe Schneider, 19, the group's leader, said it demonstrated that people could become immediately incensed over the burning of an animal — yet remained unmoved by the napalm bombing of troops in Vietnam everyday.

The fiery demonstration was to have taken place shortly after noon Monday on a campus bridge leading to the University of Cincinnati Center. A divided camp of about 400 persons appeared at the bridge. At least half were in sympathy with Schneider and his group.

Police, agents of the Society for the Prevention of Cruelty to Animals and campus security patrolmen strolled through the gathering, watching for what did not occur. There was no violence.

'Trips' With LSD

Ex-User Offers Advice On How To Avoid Drug

DETROIT (AP) — Some 30 times, the young man went on "trips" with LSD.

Then, abruptly, he quit taking the mind-influencing drug that can launch hallucinatory voyages into realms of fantasies, pleasant or terrifying.

He studied, earned a doctorate, and now is an assistant professor of psychology.

From personal experience, from interviews with students who are present or former users of psychoactive drugs, Dr. Allan Y. Cohen offered today some observations about how to induce people to stop using such drugs, or to prevent their starting out on the mind-drug road in the first place.

Dr. Cohen, 29, now at John F. Kennedy University in Martinez, Calif., addressed a session of the American Public Health Association.

He had, he said in an interview, been until a few years ago a disciple of Dr. Timothy Leary, a champion of LSD, but turned away because he felt drugs were not the answer, were "a waste of time."

Dr. Cohen, a frequent speaker on college campuses, said "curiosity, social pressure, rebellion against authority, escape from social and emotional problems, desire for 'kicks'—all these are more or less relevent in many cases (of drug use), but add little to our capacity to understand the recency and magnitude of contemporary drug abuse."

A "listening ear" finds also a "theme of disenchantment and alientation," he said.

Elements in this disenchantment include some experience of futility, a "charge of social and political hypocrisy reflecting governmental and social policy which seems headed toward more war, hate and injustice," criticism of parents on grounds of "basic lack of understanding and discrimination toward what is really important," and the search to learn, "Who am I?"

To induce drug-users to give them up, Dr. Cohen suggested in part:

A sympathetic attitude—more emphasis on public health rather than legal approaches—stress on reasons behind the use of drugs themselves rather than on the drug themselves—more availability of objective information about drugs—more use of former drug users as communicators—giving greater responsibility to young people in political and social policy planning so that they don't feel like outsiders.

Young people need to be given alternative choices that could reduce a desire for drugs, Dr. Cohen said.

Curing all the ills of society might do it, but more practically, "the fact is that young people will cease using drugs if they are provided with some better nonchemical technique" in their "search for meaningful interpersonal relationships, enduring values, and inner experience."

"If alternatives are initiated in the earlier grade levels, we shall have gone a long way in the prevention of drug abuse. Casual experimentation provoked by curiosity may still continue, but habitutation will be unappealing and even unfashionable.

"It's not very difficult for the user of cannabis (marijuana) or LSD to stop if he wants to stop. The critical issue is to get him to want to stop. This comes automatically when he finds a meaningful nonchemical alternative."

Real Estate Tax Hike Proposal Advanced

PITTSBURGH (AP) — A proposal to hike real estate taxes by six mills passed its first hurdle Monday when several members of the state House Committee on Pittsburgh and Allegheny County gave their approval.

Rep. Joseph P. Rigby, chairman, said all members present approved the proposal except him. He said he thinks it's unfair to put more taxes on real estate. But added he would do nothing to block the measure because of the financial problems of Pittsburgh schools.

Mental Health Group Plans For Its Meeting On Dec. 5

A film, "How Are You?" will be screened during the Dec. 5 meeting of the Hancock - Brooke County Mental Health Service.

Mrs. Janet Sullivan, psychiatric social worker, will be program chairman for the event at Weirton General Hospital.

The program of the service was reviewed by professional members of the service staff during last week's meeting.

Dr. Ray S. Greco was moderator for a panel discussion presented by Dr. Stuart Hirsch, medical director; David Miller, executive director; Dr. Guy Frisk, psychologist, and Mrs. Sullivan.

They agreed that, as the service begins its fifth year of operation at the Weirton hospital, "the success of the well-functioning program is because it has evolved in a slow and smooth manner to meet community needs and has had the cooperative support of professional groups as well as the lay public."

Each staff member explained his individual role in the program and how all members "work as a team in determining diagnosis, testing, evaluation and treatment for the patients."

Mrs. Audrey Litman presided during the business session. John L. Sullivan reported that the Weirton Rotary Club has presented $350 to the society. The sum represented proceeds from Expo '68 and was approved for financial operation of the mental health service.

Since the service is now operating six days weekly with a complete professional staff, additional plans were recommended for future financial security. They include re-applying to the variou community chests, continuance of the annual fund drive and investigation for obtaining support from the West Virginia Department of Mental Health and the federal hospital improvement program for mental health services.

Mrs. E. M. Clubb Jr., chairman of the board of directors for the service, reported that this month will complete the appointment waiting list for service patients, and that at the October board meeting she and Mrs. Litman were re - elected to serve the next year as chairman and vice - chairman, respectively, as officers for the board.

New members and guests present were Mrs. Barbara Walters, Mrs. Helen Sikora, Mrs. Mildred Rutich, Connie Clubb, representing the Juniorettes Division of the Junior Department of the Weirton Woman's Club, and Mrs. Stuart Hirsch and Mrs. David Miller.

HINTS FROM HELOISE

The Weary Housewives

DEAR HELOISE: You're always helping us get through the day — but what about "when day is done"?

Heloise

Since you never say much about AFTER five o'clock the housewives in our neighborhood decided to tell you how we spend our "leisurely" evenings.

Like, five o'clock: Work still not done. Washing machine has two loads to go. Hamburger not thawed. Haven't reached the middle of the ironing basket, much less the bottom. Teenagers' transistors are blaring three different programs. Books thrown on the coffee table, sweaters across the chairs, lunch box on the sofa.

Husband comes home. Doesn't add anything to our day because he's grouchy, wants to know where supper is and why the paper is torn up. And why didn't we change the baby 'cause he's wet (we just did 30 minutes before). He plops in a chair, takes off his shoes, throws them under the footstool and demands that we keep the kids quiet...

And while we're trying to get supper, the little ones come to mother (not daddy) with, "Mother, how do you do this...?" And what mother can give a sensible or logical answer while she's worried about the hamburger burning, and whether she will have time to fix daughter's dress for that school program.

After supper, there are dishes to do, kids to be bathed while you settle all of the fights. There's the garbage to take out, kitchen floor to mop, ashtrays emptied, school clothes to be ironed, etc.

How we long to settle down in the living room with the new magazine that came in the mail.

No wonder we wives get disgusted. It's too bad husbands can't take one look at a wife and see what she's been through.

We feel that no one notices anything at all that we've accomplished during the day, much less appreciates it. And that's why we hope fervently that if there is a reincarnation, that next time we'll be a man!

Anyhow, now that we've aired our complaints, we're feeling better — much better — and thanks from the bottom of our hearts for listening.

WEARY WIVES.

DEAR MOTHERS: It all sounds so familiar I can't help chuckling. I know the feeling: hoping you would be able to get everything done, yet knowing that most of it will never be finished.

That's just life...but somehow when we share our problems they seem easier. You want to run home and hug all those little ones and apologize for pinching their heads off that morning.

We all go through the same thing. When these problems pile up, they seem larger-than-life and we feel so put upon...

Just keep on reminding yourself that you are not alone in these problems and that getting everything done is not nearly as important as keeping a sense of humor...and making your home a happy place even if it isn't absolutely spic and span.

Remember, gals, that housework is a part of your job of being a lovely and loving homemaker — but only ONE part.

Just learn the short cuts and do the best you can.

HELOISE.

LETTER OF LAUGHTER

DEAR HELOISE: Here's an easy way to tell when the floor needs mopping:

Just try going barefoot while you do your work. Those sticky places can't hide from bare feet!

READER.

DEAR HELOISE: Our teenage son got the "poster" craze about the time we had his room redecorated.

So we let him put up his posters in the children's bathroom.

Now it's papered with celebrities and darling-looking.

S.H.C.

-:-

DEAR HELOISE: My small plastic wastebasket kept falling over because of its light weight.

So I put some sand in a plastic bag, closed it with a bread wire and put it in the bottom of the wastebasket. Presto, no more spilled contents.

Group Claims It Never Intended To Burn Puppy

CINCINNATI (AP)—An anti-war group who announced they would burn a live puppy on Veterans Day in protest of the war in Vietnam said they never intended to carry through with the symbolic demonstration.

However deceptive the announcement might have been, the group, known as the Ad Hoc Committee to Bring War Atrocities Home, said it was a success because it brewed a storm of opposition.

Joe Schneider, 19, the group's leader, said it demonstrated that people could become immediately incensed over the burning of an animal — yet remained unmoved by the napalm bombing of troops in Vietnam everyday.

The fiery demonstration was to have taken place shortly after noon Monday on a campus bridge leading to the University of Cincinnati Center. A divided camp of about 400 persons appeared at the bridge. At least half were in sympathy with Schneider and his group.

Police, agents of the Society for the Prevention of Cruelty to Animals and campus security patrolmen strolled through the gathering, watching for what did not occur. There was no violence.

'Trips' With LSD

★ ★ ★ ★ ★ ★ ★ ★ ★

Ex-User Offers Advice On How To Avoid Drug

DETROIT (AP) — Some 30 times, the young man went on "trips" with LSD.

Then, abruptly, he quit taking the mind-influencing drug that can launch hallucinatory voyages into realms of fantasies, pleasant or terrifying.

He studied, earned a doctorate, and now is an assistant professor of psychology.

From personal experience, from interviews with students who are present or former users of psychoactive drugs, Dr. Allan Y. Cohen offered today some observations about how to induce people to stop using such drugs, or to prevent their starting out on the mind-drug road in the first place.

Dr. Cohen, 29, now at John F. Kennedy University in Martinez, Calif., addressed a session of the American Public Health Association.

He had, he said in an interview, been until a few years ago a disciple of Dr. Timothy Leary, a champion of LSD, but turned away because he felt drugs were not the answer, were "a waste of time."

Dr. Cohen, a frequent speaker on college campuses, said "curiosity, social pressure, rebellion against authority, escape from social and emotional problems, desire for 'kicks'—all these are more or less relevent in many cases (of drug use), but add little to our capacity to understand the recency and magnitude of contemporary drug abuse."

A "listening ear" finds also a "theme of disenchantment and alientation," he said.

Elements in this disenchantment include some experience of futility, a "charge of social and political hypocrisy reflecting governmental and social policy which seems headed toward more war, hate and injustice," criticism of parents on grounds of "basic lack of understanding and discrimination toward what is really important," and the search to learn, "Who am I?"

To induce drug-users to give them up, Dr. Cohen suggested in part:

A sympathetic attitude—more emphasis on public health rather than legal approaches—stress on reasons behind the use of drugs themselves rather than on the drug themselves—more availability of objective information about drugs—more use of former drug users as communicators—giving greater responsibility to young people in political and social policy planning so that they don't feel like outsiders.

Young people need to be given alternative choices that could reduce a desire for drugs, Dr. Cohen said.

Curing all the ills of society might do it, but more practically, "the fact is that young people will cease using drugs if they are provided with some better nonchemical technique" in their "search for meaningful interpersonal relationships, enduring values, and inner experience."

"If alternatives are initiated in the earlier grade levels, we shall have gone a long way in the prevention of drug abuse. Casual experimentation provoked by curiosity may still continue, but habitutation will be unappealing and even unfashionable.

"It's not very difficult for the user of cannabis (marijuana) or LSD to stop if he wants to stop. The critical issue is to get him to want to stop. This comes automatically when he finds a meaningful nonchemical alternative."

Real Estate Tax Hike Proposal Advanced

PITTSBURGH (AP) — A proposal to hike real estate taxes by six mills passed its first hurdle Monday when several members of the state House Committee on Pittsburgh and Allegheny County gave their approval.

Rep. Joseph P. Rigby, chairman, said all members present approved the proposal except him. He said he thinks it's unfair to put more taxes on real estate. But added he would do nothing to block the measure because of the financial problems of Pittsburgh schools.

Mental Health Group Plans For Its Meeting On Dec. 5

A film, "How Are You?" will be screened during the Dec. 5 meeting of the Hancock - Brooke County Mental Health Service.

Mrs. Janet Sullivan, psychiatric social worker, will be program chairman for the event at Weirton General Hospital.

The program of the service was reviewed by professional members of the service staff during last week's meeting.

Dr. Ray S. Greco was moderator for a panel discussion presented by Dr. Stuart Hirsch, medical director; David Miller, executive director; Dr. Guy Frisk, psychologist, and Mrs. Sullivan.

They agreed that, as the service begins its fifth year of operation at the Weirton hospital, "the success of the well-functioning program is because it has evolved in a slow and smooth manner to meet community needs and has had the cooperative support of professional groups as well as the lay public."

Each staff member explained his individual role in the program and how all members "work as a team in determining diagnosis, testing, evaluation and treatment for the patients."

Mrs. Audrey Litman presided during the business session. John L. Sullivan reported that the Weirton Rotary Club has presented $350 to the society. The sum represented proceeds from Expo '68 and was approved for financial operation of the mental health service.

Since the service is now operating six days weekly with a complete professional staff, additional plans were recommended for future financial security. They include re-applying to the variou community chests, continuance of the annual fund drive and investigation for obtaining support from the West Virginia Department of Mental Health and the federal hospital improvement program for mental health services.

Mrs. E. M. Clubb Jr., chairman of the board of directors for the service, reported that this month will complete the appointment waiting list for service patients, and that at the October board meeting she and Mrs. Litman were re - elected to serve the next year as chairman and vice - chairman, respectively, as officers for the board.

New members and guests present were Mrs. Barbara Walters, Mrs. Helen Sikora, Mrs. Mildred Rutich, Connie Clubb, representing the Juniorettes Division of the Junior Department of the Weirton Woman's Club, and Mrs. Stuart Hirsch and Mrs. David Miller.

Junior Editors Quiz on DISTRESS SIGNALS

• • • — — — • • •
S O S

QUESTION: *What does S O S stand for?*

* * *

ANSWER: Imagine a message which can flash instantly through the air in the middle of a wild Atlantic gale. That's radio, or, as the English call it, wireless. This way of utilizing radiating electric waves is surely one of man's most wonderful and useful inventions. Practically all ocean-going ships carry electrical apparatus which enables them to receive radio messages and send out others of their own. Such signals have saved a great many lives. Imagine the situation we illustrate: a ship, trapped by a hurricane and enormous seas, is in danger of sinking any moment. Her wireless operator is sending out the international distress signal S O S, which sounds ditditdit DA DA DA ditditdit. The ship will also broadcast her position in latitude and longitude. The signal has been heard by another ship in the vicinity (circle); many lives will be saved. The letters S O S do not stand for particular words. They are letters which represent a distress signal from a ship, chosen because they are particularly distinct and easy to recognize.

(Marta Stout of Ada, Okla., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Today In History

By The Associated Press

Today is Tuesday, Nov. 12, the 137th day of 1968. There are 49 days left in the year.

Today's highlight in history:

On this date in 1941, during World War II, Nazi troops were halted by the Russians at the outskirts of Moscow.

In 1439, Plymouth, England was granted a charter, becoming the first English town to be incorporated by an act of Parliament.

In 1812, Napoleon's army reached the Russian city of Smolensk during its retreat from Moscow.

In 1840, the French sculptor, Auguste Rodin was born.

In 1866, the founder of the Chinese republic, Dr. Sun Yat-sen, was born.

In 1927, Joseph Stalin became the undisputed dictator of the Soviet Union as Leon Trotsky was expelled from the Communist party.

One year ago — A committee of the professional journalism society, Sigma Delta Chi, said some of the highest officials of the Johnson administration had been deliberately misleading the public and the Congress.

Junior Editors Quiz on DISTRESS SIGNALS

QUESTION: *What does S O S stand for?*

* * *

ANSWER: Imagine a message which can flash instantly through the air in the middle of a wild Atlantic gale. That's radio, or, as the English call it, wireless. This way of utilizing radiating electric waves is surely one of man's most wonderful and useful inventions. Practically all ocean-going ships carry electrical apparatus which enables them to receive radio messages and send out others of their own. Such signals have saved a great many lives. Imagine the situation we illustrate: a ship, trapped by a hurricane and enormous seas, is in danger of sinking any moment. Her wireless operator is sending out the international distress signal S O S, which sounds ditditdit DA DA DA ditditdit. The ship will also broadcast her position in latitude and longitude. The signal has been heard by another ship in the vicinity (circle); many lives will be saved. The letters S O S do not stand for particular words. They are letters which represent a distress signal from a ship, chosen because they are particularly distinct and easy to recognize.

ANN LANDERS

As Any Raccoon Knows

By Ann Landers

Dear Ann Landers: I'm glad you didn't fall for that put-on about raccoons breeding through the nose. The old myth keeps reappearing periodically and it's amazing how many intelligent people believe it.

Perhaps the reason for the misinformation is that people keep confusing the racoon with the opossum — and the opossum DOES breed through the nose. The sperm is deposited in the sinus cavity and through some mysterious process (some naturalists describe the process as a series of sneezes) the sperm finds its way to the female opossum's abdomen.

The opossum, as you know, is not a mammal but a marsupial. And, I'm sure you're aware that all marsupials breed through the nose.

Please continue to set your readers straight. A lot of them need it. — WILLIE.

Dear Willie: Yes — and you're one of them. Opossums are indeed marsupials. But marsupials are lower mammals and they breed just like higher mammals.

Someone has sold you a wierd bill of goods, my friend. Your letter is so loaded with misinformation that it would take the entire column to set you straight. Buy a book.

And now a word to the hundreds of clowns out there in Landers Land who wrote to tell me that racoons DO breed through the nose except when they have cold, and then, of course, they breed through the mouth.

Thank you for that gem. The first time I heard it I laughed so hard I nearly kicked the slats out of my cradle.

The Big House

Dear Ann: Cy and I have been married 10 years and we have four children. We always have lived in his parents' home. They call it "your wing," but it's really one big house and I'm sick to death of it.

We never can entertain even one couple without including my in-laws. If I have a girl friend over for coffee, my mother-in-law joins us. Every time a package arrives my mother-in-law stands over me while I unwrap it. When I try to discipline the children my father-in-law butts in and says, "Don't be so hard on them."

Cy has a fine job and makes a good salary. Our friends who make less money own homes, and nice ones at that. My father-in-law keeps saying a depression is coming and we should stay where we are, save our money, and when they die we'll inherit the house.

My in-laws are wrecking my life. I'm becoming more resentful every day. I have tension headaches and live on tranquilizers. How can I avoid a divorce or a nervous breakdown? — DONNY'S WIFE.

Dear Wife: Your problem is not your in-laws. It's your husband. Furthermore, you're not exactly blame-free, since you permitted this miserable arrangement to go on for 10 years.

Now, you must enlist your doctor's help. Ask him to speak to your husband about what this "togetherness" is doing to your health. If your husband refuses to budge after that, you have two choices —leave with the children and hope he'll grow up and join you. Or — stay where you are and suffer more of the same.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.
